Student Feedback 2018-19

1. The course content has examples for better understanding (scale 1 to 5, where 1-low rating, 5-high rating)
2. The course exposed you to new knowledge and practices (scale 1 to 5, where 1-low rating, 5-high rating)
3. The course outcomes and objectives of the syllabi are well defined and clear (scale 1 to 5, where 1-low rating, 5-high rating)
4. The course topics were arranged in sequential and connected well (scale 1 to 5, where 1-low rating, 5-high rating)
5. The course content addresses the self-learning concepts (scale 1 to 5, where 1-low rating, 5-high rating)
6. The learning material, theory/practical sessions were relevant to the course outcomes (scale 1 to 5, where 1-low rating, 5-high rating)
7. After the completion of this course, you will be able to solve analyze real-life problems related to this course (scale 1 to 5, where 1-low rating, 5-high rating)
8. This course has given you enough understanding to take next level courses (scale 1 to 5, where 1-low rating, 5-high rating)

 Director
 School of Mechanical Engineering

1. The course content has examples for better understanding (scale 1 to 5, where 1-low rating, 5-high rating)
2. The course exposed you to new knowledge and practices (scale 1 to 5, where 1-low rating, 5-high rating)
3. The course outcomes and objectives of the syllabi are well defined and clear (scale 1 to 5, where 1-low rating, 5-high rating)
4. The course topics were arranged in sequential and connected well (scale 1 to 5, where 1-low rating, 5-high rating)
5. The course content addresses the self-learning concepts (scale 1 to 5, where 1-low rating, 5-high rating)
6. The learning material, theory/practical sessions were relevant to the course outcomes (scale 1 to 5, where 1-low rating, 5-high rating)
7. After the completion of this course, you will be able to solve analyze real-life problems related to this course (scale 1 to 5, where 1-low rating, 5-high rating)
8. This course has given you enough understanding to take next level courses (scale 1 to 5, where 1-low rating, 5-high rating)

2. The course exposed you to new knowledge and practices (scale 1 to 5, where 1-low rating, 5-high rating)
3. The course outcomes and objectives of the syllabi are well defined and clear (scale 1 to 5, where 1-low rating, 5-high rating)
4. The course topics were arranged in sequential and connected well (scale 1 to 5, where 1-low rating, 5-high rating)
5. The course content addresses the self-learning concepts (scale 1 to 5, where 1-low rating, 5-high rating)
6. The learning material, theory/practical sessions were relevant to the course outcomes (scale 1 to 5, where 1-low rating, 5-high rating)
7. After the completion of this course, you will be able to solve analyze real-life problems related to this course (scale 1 to 5, where 1-low rating, 5-high rating)
8. This course has given you enough understanding to take next level courses (scale 1 to 5, where 1-low rating, 5-high rating)
9. The curriculum addresses the local, regional, national and global problems (scale 1 to 5, where 1-low rating, 5-high rating)
10. The courses are organized in proper sequence (scale 1 to 5, where 1-low rating, 5-high rating)

Alumni feedback of MSc Biotechnology

1. Whether the curriculum meets the objectives of the programme (scale 1 to 5, where 1 -low rating, 5-high rating)
2. Whether Students have achieved all listed program outcomes (scale 1 to 5, where 1 -low rating, 5-high rating)
3. The curriculum meets the industry requirements and students are employable (scale 1 to 5, where 1 -low rating, 5-high rating)
4. The curriculum offers all required practical skills for better employability (scale 1 to 5, where 1 -low rating, 5-high rating)
5. The curriculum is on comparable with other top universities (scale 1 to 5, where 1 -low rating, 5-high rating)
6. The offering of the electives in terms of their relevance to the specialized streams (scale 1 to 5, where 1 -low rating, 5-high rating)
7. The curriculum consists of experiential learning, project-based learning and blended learning (scale 1 to 5, where 1 -low rating, 5-high rating)
8. Content of the courses encourages extra learning / self-learning (scale 1 to 5, where 1 -low rating, 5-high rating)
9. The curriculum addresses the local, regional, national and global problems (scale 1 to 5, where 1 -low rating, 5-high rating)
10. The courses are organized in proper sequence (scale 1 to 5, where 1 -low rating, 5-high rating)

Odd Semester:

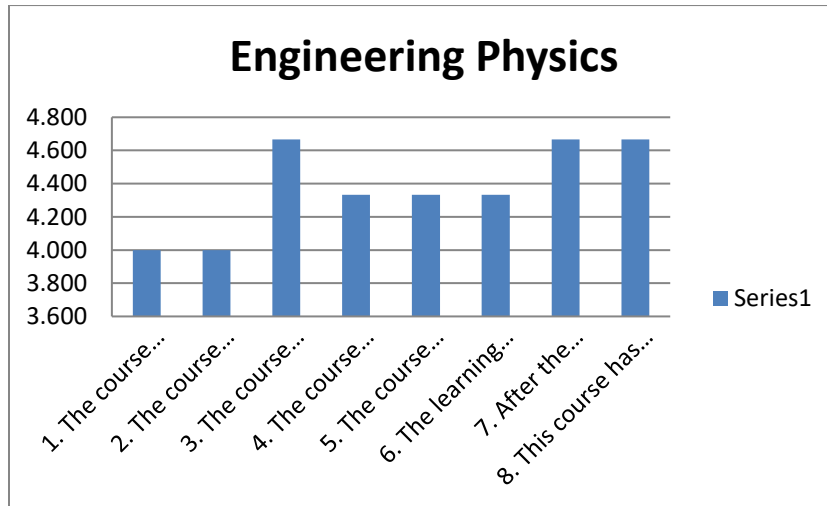

Semester-1:

Engineering Mathematics – I

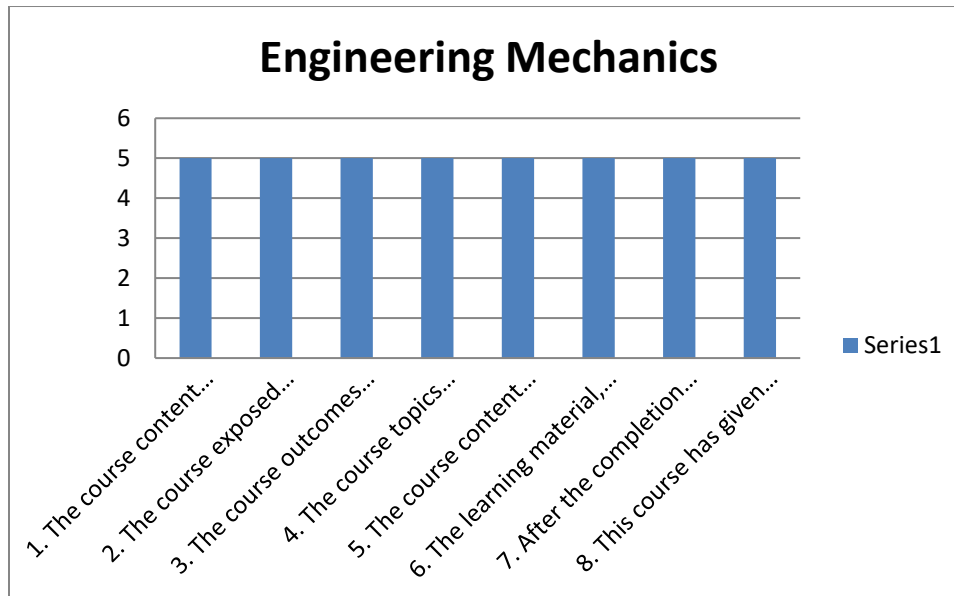

- Updating the syllabus with more examples that focus on new knowledge and practices.

Engineering Physics

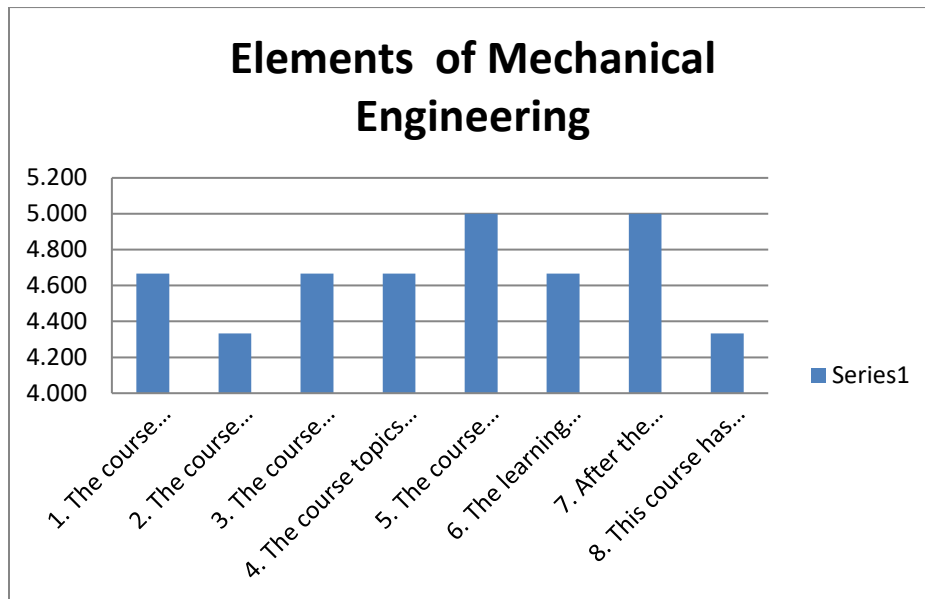

- Updating the syllabus with more examples that focus on new knowledge and practices.

Engineering Mechanics

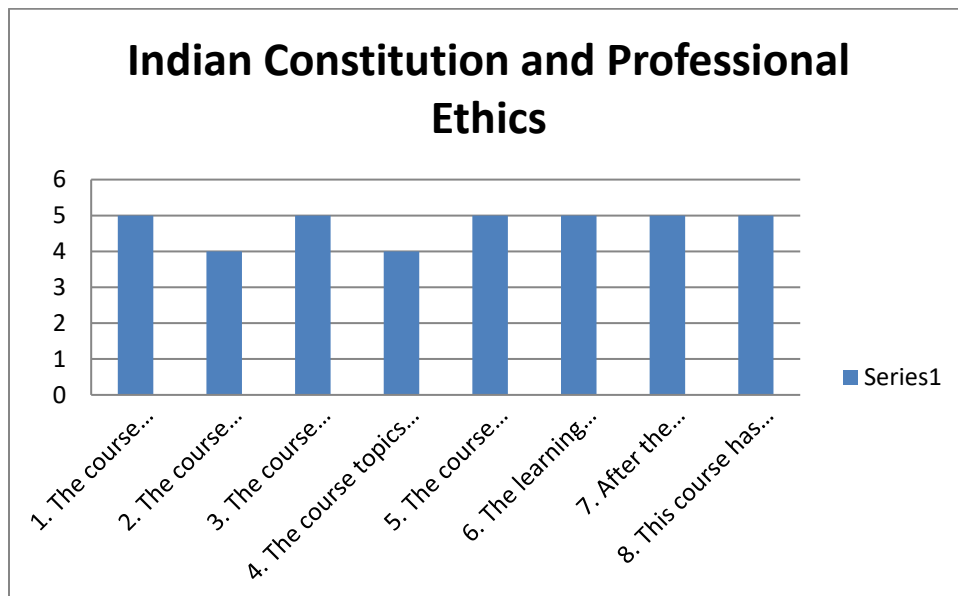

Elements of Mechanical Engineering

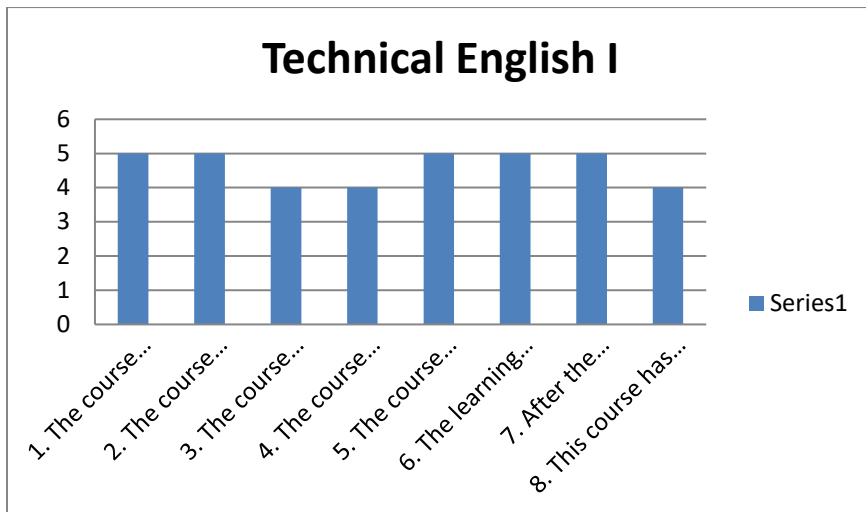

- Updating the syllabus with the content that focuses on new knowledge and practices
- Updating the syllabus with the content that focuses on better understanding so that students can take next level courses.

Indian Constitution and Professional Ethics

- Updating the syllabus with the content that focuses on new knowledge and practices
- Updating the syllabus with the content that is connected well from one topic to another

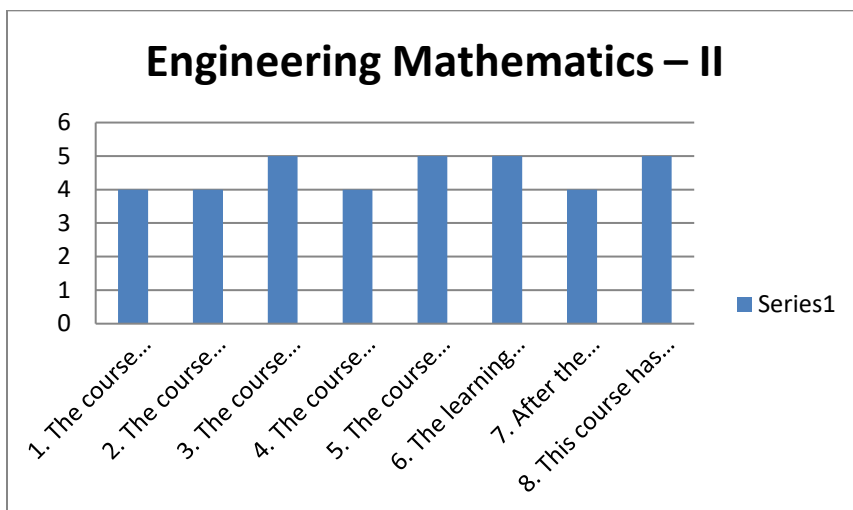

Technical English I

Even Semester:

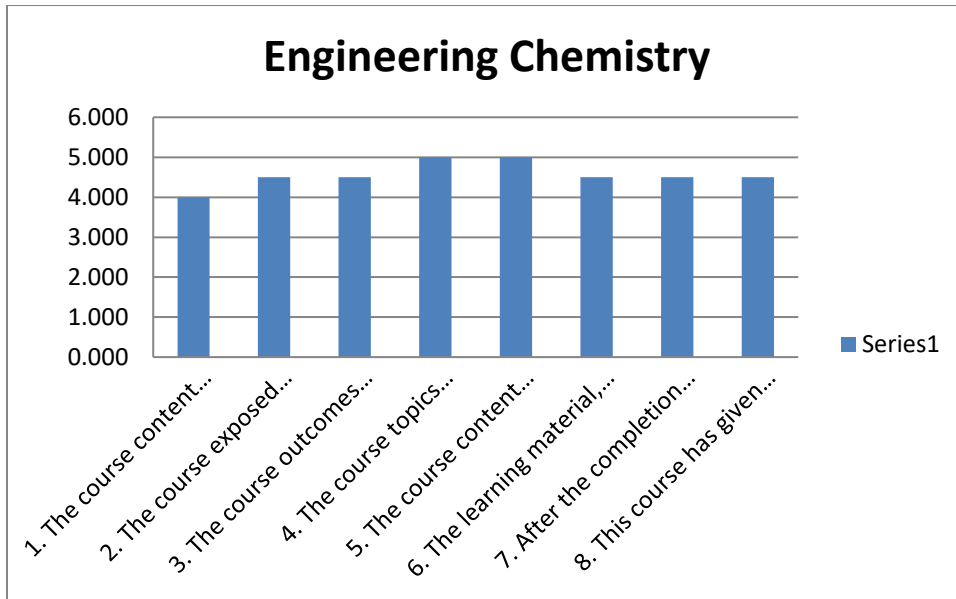

Semester-2:

Engineering Mathematics-II

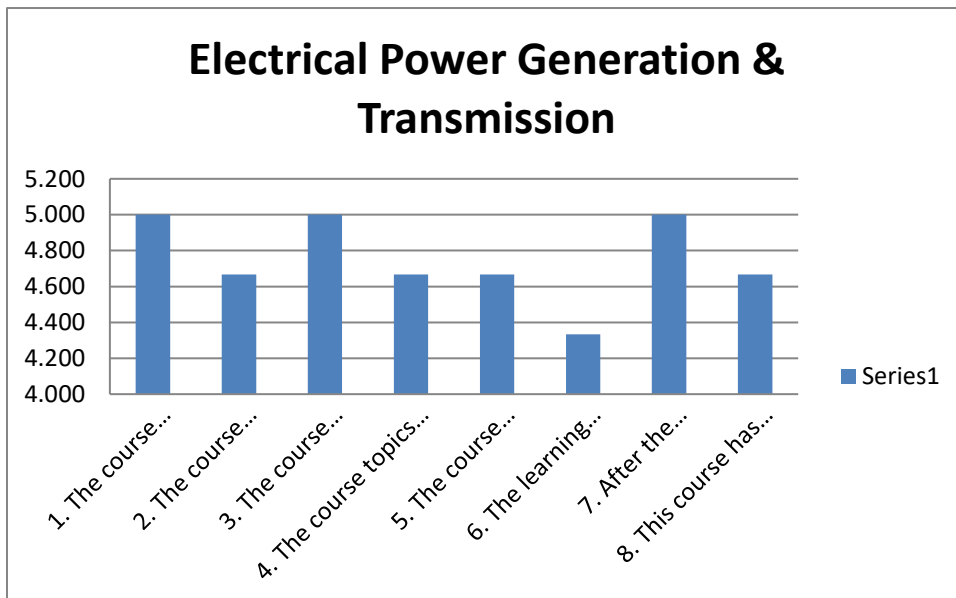

- Updating the syllabus with more examples that focus on new knowledge and practices
- Updating the syllabus with the content that is connected well from one unit to another unit

Engineering Chemistry

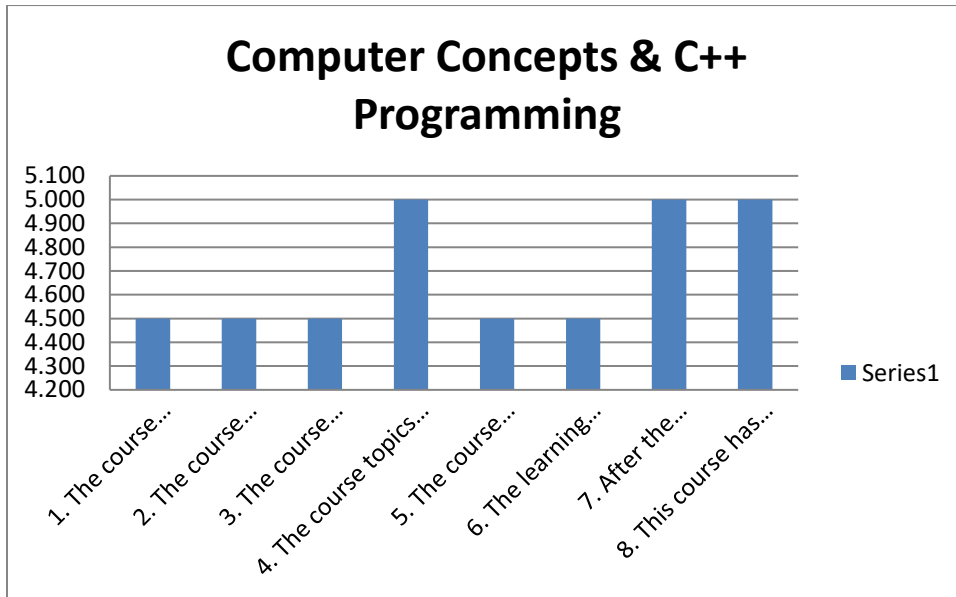

- Updating the syllabus with more examples

Electrical Power Generation & Transmission

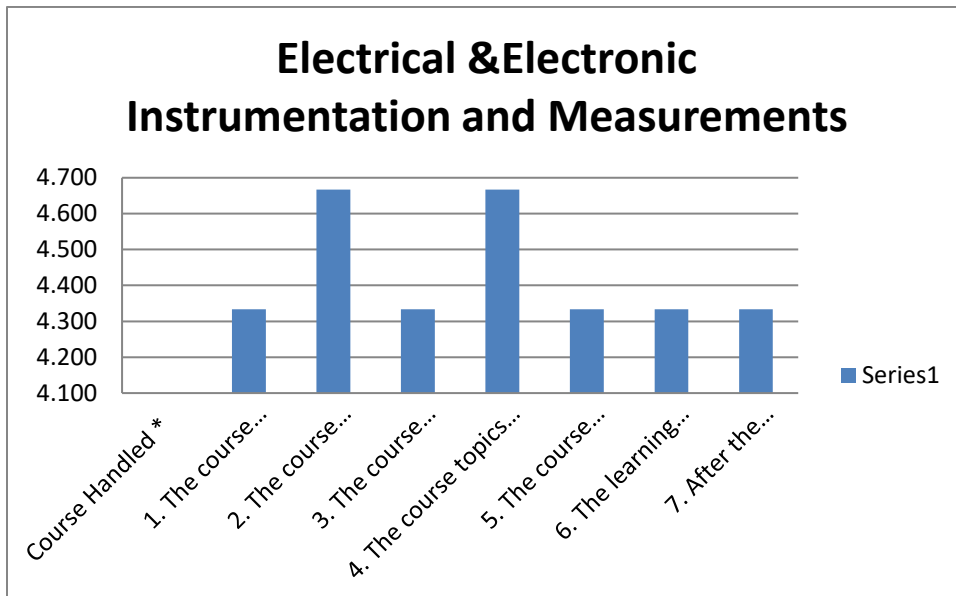

- Visit to the power plants is arranged that will boost practical learning among students

Computer Concepts & C++ Programming

•

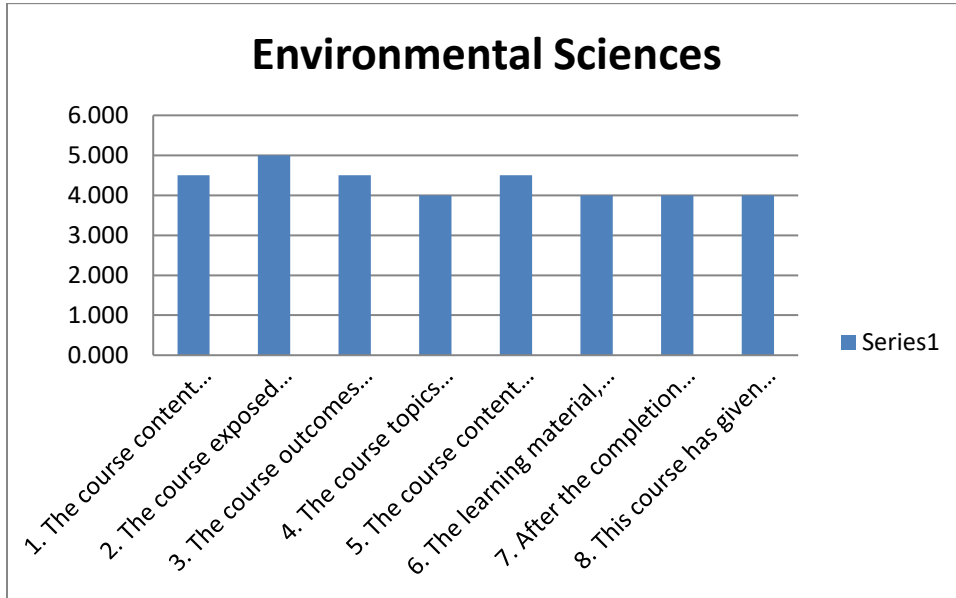

Electrical & Electronic Instrumentation and Measurements

- Updating the syllabus with more examples and providing experimental based explanation.
- Redefining Course objectives and outcomes

1. The course content has examples for better understanding (scale 1 to 5, where 1-low rating, 5-high rating)
2. The course exposed you to new knowledge and practices (scale 1 to 5, where 1-low rating, 5-high rating)
3. The course outcomes and objectives of the syllabi are well defined and clear (scale 1 to 5, where 1-low rating, 5-high rating)
4. The course topics were arranged in sequential and connected well (scale 1 to 5, where 1-low rating, 5-high rating)
5. The course content addresses the self-learning concepts (scale 1 to 5, where 1-low rating, 5-high rating)
6. The learning material, theory/practical sessions were relevant to the course outcomes (scale 1 to 5, where 1-low rating, 5-high rating)
7. After the completion of this course, you will be able to solve analyze real-life problems related to this course (scale 1 to 5, where 1-low rating, 5-high rating)
8. This course has given you enough understanding to take next level courses (scale 1 to 5, where 1-low rating, 5-high rating)

Course name: Linear algebra and Laplace transform

Introduce the examples on the course contents to understand the topics better.

Course name: Applied Physics

Analyze and solve the real life problems related to the course need to updated.

Course name: C Programming

Would have contain the practice examples for solving the real life problems.

Course name: Manufacturing Technology

Would have contain the practice examples for solving the real life problems.

Chart-1: MSc Student feedback on 2nd semester curriculum for the year 2018-19

The feedback was taken on the 2nd semester M.Sc. Biotechnology curriculum. A total of 58 students provided the feedback on the curriculum, hard core subjects such as Molecular Biology, Immunology and Medical biotechnology, Bioprocess engineering, Biochemical techniques and Enzymology, and Soft cores such as entrepreneurship Animal Biotechnology, Forensic Biology & Toxicology and Practical subjects such as Molecular biology and Medical biotechnology lab and Biochemical techniques and enzymology & Bioprocess engineering lab. The students rated the syllabus to maximum of 5 if they are satisfied with the syllabus and few changes have incorporated in topics for low rated subjects.

4th Semester MSc Biotechnology Students feedback on Curriculum for the year 2018-19

Chart-2: MSc BT students feedback on 4th semester subjects for the year 2018-19

The 4th semester MSc Biotechnology students with a total of 16 students rated the curriculum for the above mentioned parameters against the subjects such as Environmental biotechnology, Environmental biotechnology lab, Genomics and Proteomics and Nano biotechnology. The rating was given a range of 4.65 to 5.0 for all the parameters. Where the topics and examples were rearranged for the subjects where the rating was given less.

Chart-3: MSc BT students feedback on 1st semester subjects for the year 2018-19

Student feedback on the 1st semester subjects and the topics were reframed and also students requested for seminars related to their placements, knowledge and skill development courses and also more examples and case studies were incorporated.

Chart-4: MSc BT students feedback on 3rd semester subjects for the year 2018-19

The student feedback on the mentioned parameters were ranged from 4.74 to 5.0 and where there aspiration related to the curriculum was incorporated during teaching learning process.

Faculty Feedback on MSc BT Curriculum of 1 to 4th Semester of 2018-19

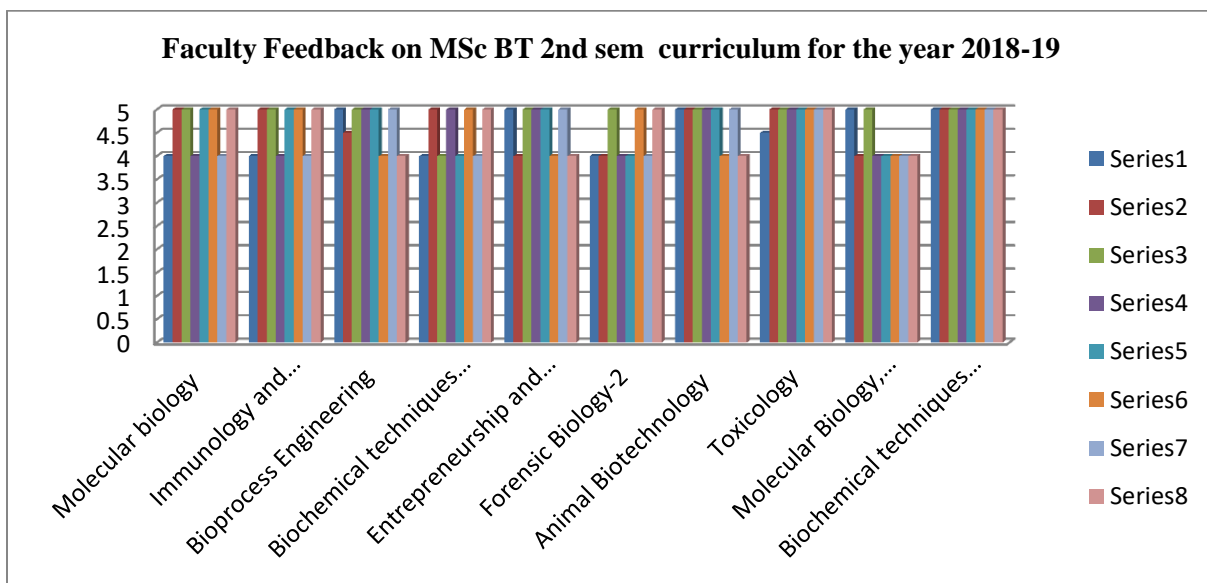

Chart -5: Faculty feedback on curriculum of MSc Biotechnology for 2nd Semester 2018-19

Faculty opined that the curriculum is well organized and also well-structured to the needs of the employer so that the students will be placed in good companies with good packages.

Chart -6: Faculty feedback on curriculum of MSc Biotechnology for 4th Semester 2018-19

Faculty opined that the curriculum is well organized and also well-structured to the needs of the employer so that the students will be placed in good companies with good packages and also incorporation of good example's during explanation

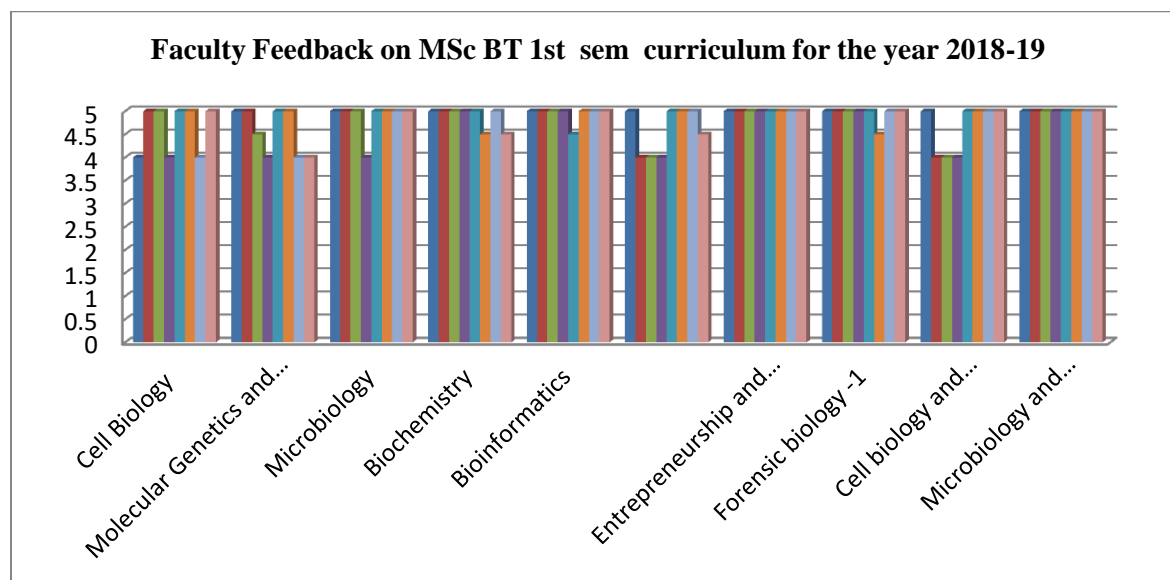

Chart -7: Faculty feedback on curriculum of MSc Biotechnology for 1st Semester 2018-19

Faculty opined that the curriculum is well organized and also well-structured to the needs of the employer so that the students will be placed in good companies with good packages and also incorporation of good examples during explanation

Chart 8: Faculty feedback on curriculum of MSc Biotechnology for 3rd Semester 2018-19

Faculty opined that the curriculum is well organized and also well-structured to the needs of the employer so that the students will be placed in good companies with good packages and also incorporation of good examples during explanation.

MSc BT Alumni feedback on Msc biotechnology curriculum for the year 2018-19

Chart- 9: MSc BT Alumni feedback on curricular aspects for the year 2018-19

Alumi students raised the concerns related to more of skill development as required by the employer followed by more of industrial exposure required to get absorbed in the interviews.

Employer feedback on MSc Biotechnology Curriculum 2018-19

Chart-10 : Employer feedback on curriculum of MSc Biotechnology 2018-19

The employers provided a good feedback related to the curriculum and also suggested to have implement the skill development course and also insisted to provide the skills to face the interview.

Students have given feedback on an average in the range of 4.60-4.87 for the course **Algebra**. Most of the students are satisfied with course content and curriculum. Few changes need to be incorporated with respect to the learning material, theory/practical sessions relevant to the course outcomes.

Students have given feedback on an average in the range of 4.67-4.93 for the course **Real analysis**. Most of the students are satisfied with course content and curriculum. Few changes need to be incorporated with respect to the course outcomes and objectives of the course.

Students have given feedback on an average in the range of 4.60-4.93 for the course **Statistical methods-I**. Most of the students are satisfied with course content and curriculum. Few changes need to be incorporated with respect to the course topics were arranged in sequential and connected well.

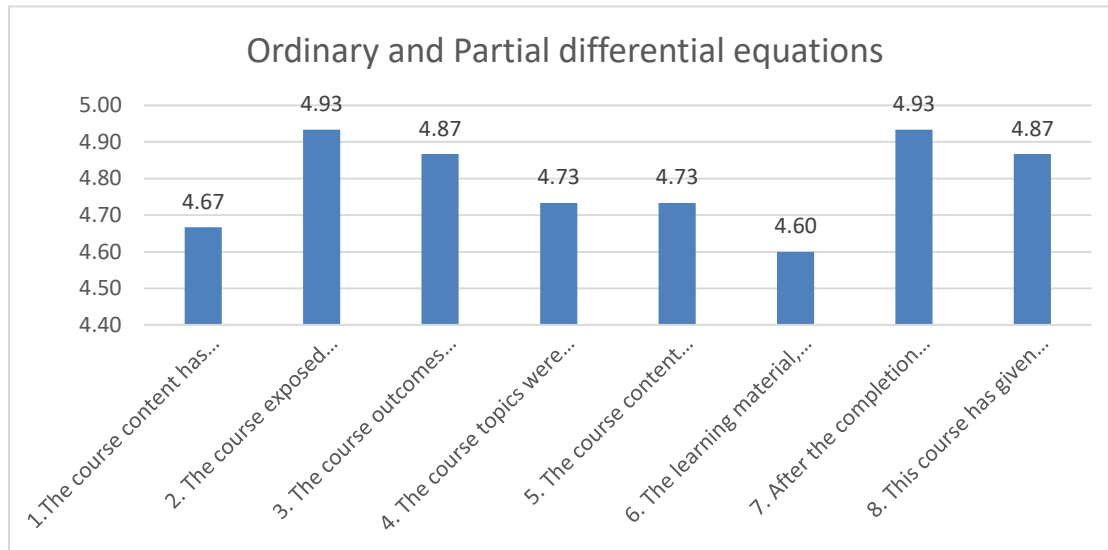

Students have given feedback on an average in the range of 4.73-4.93 for the course **discrete mathematics**. Most of the students are satisfied with course content and curriculum. Few changes need to be incorporated with respect to new knowledge and practices and self-learning concepts.

Students have given feedback on an average in the range of 4.73-5.00 for the course **Linear algebra**. Most of the students are satisfied with course content and curriculum. Few changes need to be incorporated with respect to course content addresses the self-learning concepts and course has given you enough understanding to take next level courses.

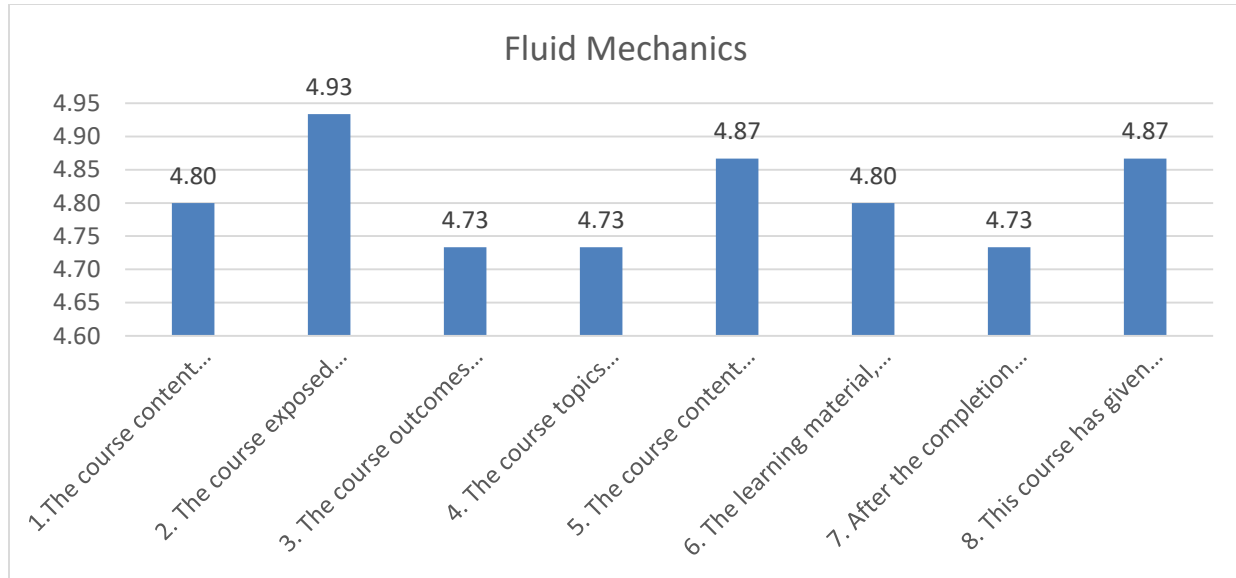

Students have given feedback on an average in the range of 4.67-5.00 for the course **Complex analysis**. Most of the students are satisfied with course content and curriculum. Few changes need to be incorporated with respect to course content addresses the self-learning concepts.

Students have given feedback on an average in the range of 4.73-4.93 for the course **Introductory graph theory**. Most of the students are satisfied with course content and curriculum. Few changes need to be incorporated with respect to the course outcomes and objectives and course content which enable to solve, analyze real-life problems.

Students have given feedback on an average in the range of 4.73-4.93 for the course **Statistical methods-II**. Most of the students are satisfied with course content and curriculum. Few changes need to be incorporated with respect to the learning material and theory sessions relevant to the course outcomes.

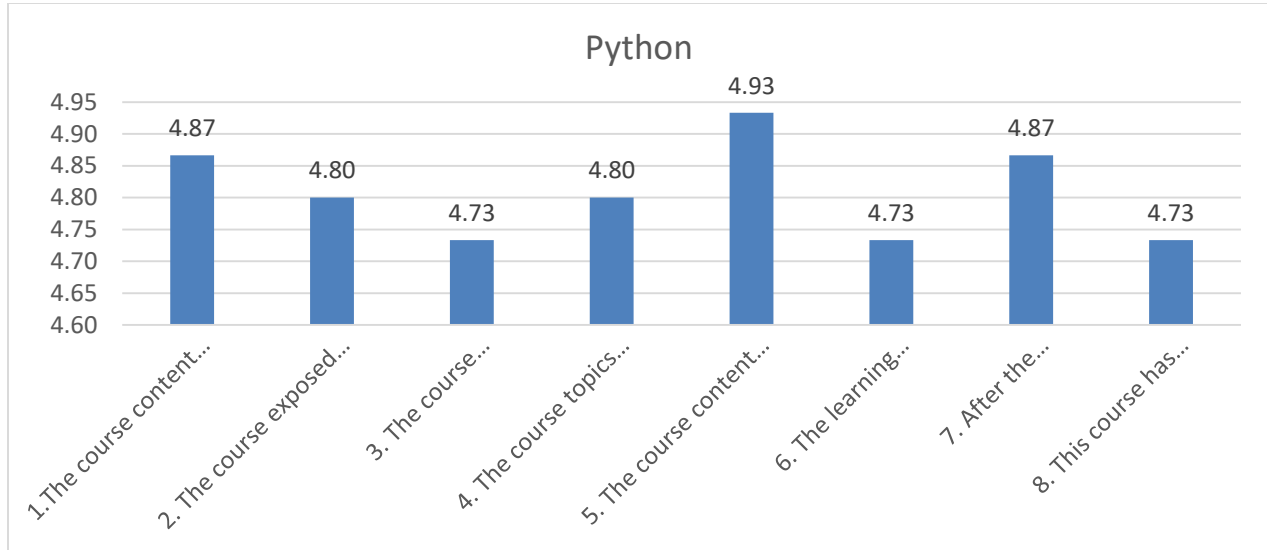

Students have given feedback on an average in the range of 4.73-4.93 for the course **Fluid mechanics**. Most of the students are satisfied with course content and curriculum. Few changes need to be incorporated with respect to the course objectives, outcomes, topics arrangement and course content which enable to solve, analyze real-life problems.

Course End Feedback and Action Taken Report -2018-2019

First Year

Sl.No.	Feedback	Action Taken
1.	Most of the students have agreed that course contains all the necessary components and in addition the duration of course is also sufficient to develop knowledge and skill sets among students.	Noted and taken care
2.	Requested for Industrial visits for practical exposure	A visit to '400 kV sub-station, Nelamangala' is arranged
3.	Requested for hands on training on Circuit Building and Debugging	Two hours per week of lab component is included and training is given by the faculty
4.	Requested for hands on training on Arduino Board	Two hours per week of lab component is included and training is given by the faculty

Second Year

Sl.No.	Feedback	Action Taken
1.	Majority of the students agreed upon the relevancy of the courses offered to the program	Noted and taken care
2.	Requested to offer online certification courses.	Course Era courses are offered with free of cost.

Third Year

Sl.No.	Feedback	Action Taken
1.	Requested for placement training during vacation	'Employability Holiday Training' is offered
2.	Requested for additional training on coding skills	Two hours per week training is provided on coding skills.

Fourth Year

Sl.No.	Feedback	Action Taken
1.	Suggested to include 'Python Programming' in the curriculum	Implemented in 2018 revised Scheme
2.	Suggested to include case study in CAED course	The changes are incorporated in the revised scheme

Programme end feedback 2018-19

Sl. No.	Feedback Taken	Action taken
1	Requested to revised the titles on Engineering Mathematics-3 &4	Title has revised to Numerical Methods and Probability (B18ME3010) & Applied Mathematics (B18ME4010) for the academic year 2019-20.
2	Requested to integrated the Strength of Materials with MAT Lab.	Strength of Materials (B18ME2010) course is integrated with MAT Lab. Four MAT lab exercises are incorporated in the curriculum for the academic year 2019-20.
3	Requested to integrated Fluid Mechanics & Fluid machinery theory with Fluid Machinery Lab	In Fluid Machinery Lab (B18ME3270/4270), experiments on flow measurements and impact of jet are integrated with Fluid Mechanics & Fluid machinery theory course.
4	Requested for group activities	Sports/yoga/music/dance/theatre course is introduced as 2 credit course for the academic year 2019-20.
5	Students are requested for Student Chapters and clubs	Student chapters such as Tribology society of India, Solar Energy Society of India, Aeronautical society of India, and REVA Robotics Club are formed.

**PROGRAM END FEED BACK ANALYSIS AND ACTION TAKEN REPORT OF MSc
BIOTECHNOLOGY 2018-2019**

Date: 26-05-2019

SI No	PROGRAM END FEED BACK	ACTION TAKEN
1	Students requested for placement training to face the requirements of the recruiters	The placement training classes were introduced to meet the requirements of the recruiters
2	Student requested for guest lectures , awareness programmes, workshops for career prospective in the areas of computational biology and drug discovery	<ul style="list-style-type: none"> ➤ A workshop was organized on Genome Information by Bionivid Technology Pvt. Ltd. For career development. ➤ Lecture Series as part of National Science Day-2018. ➤ Student Development Programme on Bioinformatics and Drug Discovery was organized . ➤ Workshop -Next Generation Sequencing & Data Analysis. ➤ World Hepatitis Day - Flashmob, Make a Molecule & e-Poster Events conducted
3	Students requested for the industrial visit to know and enhance the operational skills of the industry and labs	Industrial Visit to Azyme Biosciences Pvt. Ltd., Bangalore
4	Students are requested to conduct exit meeting before farewell to interact and discuss about their during their stay at REVA University	Chancellor has decided to have meeting with students before farewell

ACTION TAKEN REPORT

Program: M.Sc. Mathematics

Academic year: 2018-19

Sl.No.	Feedback	Action taken
1	The learning material, theory/practical sessions were relevant to the course outcomes	A good learning materials will be provided and more theory/practical sessions will be conducted
2	The course outcomes and objectives of the syllabus are well defined and clear	Instructions will be given to faculties and BOS to define clearly the course outcomes and objectives of the course.
3	The course topics were arranged in sequential and connected well	Instructions will be given to faculties and BOS to arrange the topics of the course in sequential and connected
4	The course exposed you to new knowledge and practices	Instructions will be given to assess the prior knowledge and skill of the students. To enhance the knowledge of students will be taken to field visits, mini projects were done to understand the concept better. Experts will be invited to share their knowledge to our faculty and students.
5	After the completion of this course, you will be able to solve, analyze real-life problems related to this course	Instructions will be given to faculties and BOS to include more real life application problems and solve them during class sessions. Students will be encouraged to pursue internships during the vacations and acquire necessary problem solving skills.
6	The course content addresses the self-learning concepts	Instructions will be given to faculties and BOS to design and develop course in such a way that the students can undertake learning by oneself with occasional help from others including the teachers.
