# REPORTS ON LANGUAGE AND COMMUNICATION SKILLS

Rukmini Knowledge Park  
Kattigenahalli, Yelahanka, Bengaluru – 560064  
[www.reva.edu.in](http://www.reva.edu.in)

**Report on SAMARTHANA-2 2021**  
**On 17 July 2021**

*No. of student participants-35*

*No. of faculty participants-20*

*Resource person- Ar. Raunak Sudhakar*

*Coordinated by Ar. Rajesh Malik & Ar. Sanjeev Koppar, Asstt. Professor,  
RUSOA*

School of Architecture, REVA University organized SAMARTHANA -2, an online interactive meet with the Alumni students of 2015 and 2016 batches on 17.07.21, in continuation of SAMARTHANA-1 held on 09.01.21.

It was an opportunity for the Alumni students to learn about the latest developments at R.U.S.O.A, including the latest students' achievements and awards won, faculty achievements, new additions to the faculty, recent publications from the faculty members and research funded projects in pipeline. Some of these papers and research projects involve students as well.

Students were also appraised about R.U.S.O. A's community outreach initiative, Abhivrudhi and the forthcoming events at R.U.S.O.A including REVA RACHANA coinciding with Deepawali festivities, wherein Alumni would also be involved. Students were also informed about the consultancy cell being set up at R.U.S.O.A, where they would have an opportunity to be associated with upcoming projects along with their ex-faculty.

Students of the recently passed out 2016 batch also got a chance to know their seniors better. Some of them shared their experiences of running a private practice.

On the whole, it was a very interactive session where both faculty and the students got to know each other much better.

Some images from the seminar are presented below-

Students of first semester, R.U.S.O.A as part of Basic Design and Visual Arts studio carried out a video exercise involving the eight prominent principles of design, namely Balance, Proportion & scale, Rhythm, Emphasis, Harmony, Unity, Variety and Contrast. Illustrated these principles in the form of video presentation in collaboration with students from Jalige school as part of Abhivrudhi initiative.

Report on  
**Guest lecture on Design Methodology by Madman**  
School of Architecture

Subject: **Architectural Design-VII**  
Agenda: **Design methodology**  
Speakers: **Ar. Aly Elshafei**  
Platform: **Microsoft Team**  
Dates: **10<sup>th</sup> August 2020** (2:30pm to 5:00pm)  
Participants: **76 Students**, 7<sup>th</sup> Semester, School of Architecture  
Teachers: Asso. Prof. Neeraja Jayan  
Asst. Prof. Ujjal Halder  
Prof. Vimala Swamy  
Asst. Prof. Sgafia Ahmed  
Asso. Prof. Raghuteja Vemana  
Asst. Prof. Anup Kumar Prasad

A guest lecture on Design Methodology has been arranged for the 7<sup>th</sup> semester students from the school of Architecture, for the subject Architectural Design-VII.

To elaborate the topic Design Methodology, Architect Aly Elshafei has been invited. He is from Cairo, Egypt and having diverse experience of teaching at Cairo University, ETH Zurich, Politecnico Di Milano and ENSA Paris-Malaquais. Currently perusing doctorate and teaching at ENSA Paris-Malaquais, Paris.

The lecture specifically aimed to demonstrate the Design methodology in the contemporary age. He began with explaining the “Indisiplinary” and “Interdisciplinary” approach of architecture. Explanation on the architects’ role in both informal and informal scenarios. Further very exquisitely demonstrated the problems associated with Emergence (population growing) and solution through Praetorians and Centralization. Later he elaborated how technical modernity

Registrar  
**REVA University**  
Bengaluru - 560 064

originated in the developed country are being adopted by the developing countries keeping its own primary notion of being secularist, religious modernist, traditionalist, conservativist and fundamentalist.

The next part of the session discusses the topic of Resilience from both deontological school and consequential school point of view, relating to survival and thrival methods. Several live examples and scenario has been discussed. The overall session was mind provoking and interesting which made the students to think deeply and be more aware and responsible towards their job. End of the session was quite interactive and everyone cherished the lecture.

Screenshot from the online session

**Inter- ?! Indisciplinarity & The aesthetics of knowledge**

Indisciplinarity as formulated by french philosopher Jacques Rancière suggests that the best stance is to be in an equal distance from any two disciplines, on a bridge that connects you to both sides. in contrast to interdisciplinarity, which is an imposition of a discipline into another discipline. This definition is built on kante's theoris on the aesthetics of knowledge.

To speak of an aesthetic dimension of knowledge is to speak of a dimension of ignorance that goes along with it. Contrary to what we intuitively think that mastering two disciplines results in mastering their sum, the reality is much more subtle; namely by going deeper and deeper into two disconnected territories the result is mastering neither. This is because by somehow digging in the new territory a certain ignorance about the other territory grows with it; in other words if one would be fully trained in two disciplines, one also has two ignorances about these two disciplines that comes with this training.

**Resilience**  
 Scenario 01: Relocating residents to other planned settlements

The analytic methodology used is -again another look at the importance of the interdisciplinary approach- is an interpretation of the notions of ethics from the field of Moral Philosophy to understand analyze government policies. In this matter we have two schools of Moral Philosophy:

**1-The Deontological school:** The view of ethics based on the nature or the qualitative being the method of valuation of a subject.

**2-The Consequential school:** The view of ethics based on the numeric or the quantitative being the method of valuation of a subject.

**A** Do nothing and allow the trolley to kill five people on the main track

**B** Pull the lever, diverting the trolley onto the side track where it will kill one

**A'** Do nothing and allow the trolley to kill old people on the main track

### The Space

Spatial configuration &  
Behavioral patterns

"If you want people to sit in your space, give them something to sit on!"

**William H. Whyte**

One of the first attempts to analyse the behavioral patterns in a public space was The Street Life Project, which observed many plazas and small parks in New York City to find out **why some city spaces respond well to the needs of people but others do not**, and then document what might be basic elements of a successful small urban space.

This observation project studied how people inhabit the most intensively used urban spaces by interviewing people, watching what they did, and mounting a time lapse camera with a digital clock overlooking the plazas and recording daily patterns from 8.00 in the morning until 6.00 in the evening. The importance of Whyte's work is that much of what he observed indicated that **people search for a great seat more than for physical comfort**. In fact, he even showed that **pedestrians would sometimes undergo a certain degree of physical discomfort to fulfill their basic psychological needs**.

***Let paper do all the talking – Origami Architecture***  
Skill Development Course

School of Architecture offered a four-Day Skill Development Course for 2nd Semester students. Two installations were created in 4 days. Students were requested to bring with them cutting mats, blades, cutters, metal scale, T scale, set squares, pencils, erasers, fevibond, strings, beads. Paper will be provided.

Time : 9:00 A. M. to 4:00 P. M.

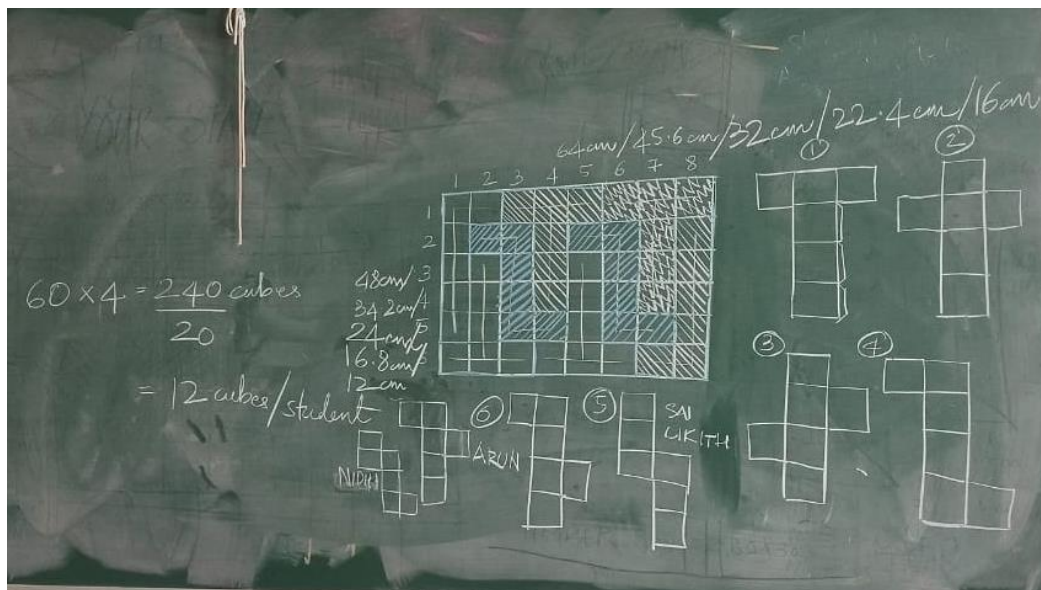

Venue: School of Architecture

[www.reva.edu.in](http://www.reva.edu.in)

**About the expert:** Ar. Pooja Ugrani, Associate Professor at School of Architecture, REVA University runs a brand called Sound of Paper, that provides services in origami. She has conducted origami workshops for architectural colleges in the past where she explores spatial possibilities with students.

**Day 1 & 2 (26 & 27/05/2022): Charismatic. Colour. Converge.** A spiral cube installation This installation is an exercise in understanding colour theory. It comprises of spirals comprising of 60 squares each in primary and secondary colours made through surface development using chart paper. The succession of the squares in each spiral follows proportions of the Pythagorean tree. This was a group activity. Each student was asked to make 12 cubes.

Students were introduced to surface development through greenboard sketches

	Red	Blue	Yellow	Purple	Green	Orange
8x 2x2x2 2.8 cm cubes	Nayana	Kusuma	Bhavika Kusuma	Rubina	Nayana Sahana	Darish Hasi Priya
8x 2.8x2.8x 2.8 cm cubes	Vijaya disha Shruti	Shruti K	Drupath	Arjun Taran	Franklin	Darish Drupath
8x 4x4x4 cm cubes	Lavitha	Rubina Samerksha	Hosipriya	Bhavika	Samerksha	Vijaylaxmi
8x 5.7x5.7 x 5.7 cm cubes	Darish	Sahana	Nidhi	Arjun Nidhi	Durga Katelya	Taran
8x 8x8x8 cm cubes	Durga	Katelya	Arjun	SAI LIKITH	Sabit LIKITH Manish	Manisha

Students chose which colour and size squares they were making

**Day 3 & 4 (28 & 29/05/2022): Origami Mobiles** This installation will be an individual activity where students will be taught the basics of origami and based on their experimentation with form, they would each come up with a lantern shaped mobile to be hung with strings. Test models generated with applying three bends to a corrugated surface and final models are shown below.

**Remarks:** This SDC was aimed at inculcating the basic skill of handling paper in students of architecture namely cutting, scoring, folding and sticking which are essential while making models. The course also helped with understanding colour theory, geometry, estimation. It gave the students a hands-on experience of building an installation and helped them work in teams.

## **Report on Fundamentals of Entrepreneurship**

**SDC Workshop:** FUNDAMENTALS OF ENTREPRENEURSHIP

**Resource person:** Ar. Sindhu Jaganath

**Venue:** Room No 431\_ School of Architecture

**Semester:** 8th Semester

**No. of Students:** 80

**Dates:** 8th Sem, A sec: 17, 18, and 19th March 2022.

8th Sem, B sec: 24, 25, and 26th March 2022.

As a part of the **SDC** course, the School of Architecture conducted a workshop for the 8th-semester students on: Fundamentals of Entrepreneurship. The key objective is to introduce the students to the fundamentals of entrepreneurship to develop entrepreneurial -mindset and personality that permeate the 21st century. This course is a basic and an introductory course. However, it will equip and ensure students not only to develop the attitude of entrepreneurship but also to formulate their own start-ups. The multiple exercises (minor) and case studies will enable them to think like an entrepreneur and the major project will help them to conceive a start-up company.

**Day 1**-Introduced the basic part of Entrepreneurship such as who an entrepreneur is, importance of entrepreneurship, and Key terms in entrepreneurship. Need of entrepreneurship, Innovation and entrepreneurship, Entrepreneur's vocabulary, Entrepreneurs VS Wealth, Concepts of Entrepreneurship. Given the assignment for same. And Team up work to build a knowledge on how to start a Company.

**DAY 2** - Introduced the entrepreneurial traits, importance, and management of available resources, and to learn from success stories. Entrepreneurial traits, Resource organization and value creation, Types of resources, Entrepreneurial support system, Entrepreneurial success story.

**DAY 3** - Delivered the lecture on need to develop entrepreneurial mind- set, basics of business models Entrepreneurial mind-set, Misconceptions and myths about entrepreneurship, Business models, big company Vs Startups.

## **Report on 2-Day Design conclave on new product ideas On 22<sup>nd</sup> and 23<sup>rd</sup> June 2021**

*No of Participants- 54*

*Resource Person: Ar. Suman D. Nanjappa, Principal Architect, Taller-S Designs*

*Coordinated by Ar. Sriviji Nachimuthu., Assistant Professor, RUSOA*

*Link to recorded session-*

Day 01: <https://web.microsoftstream.com/video/05a8bfa1-84d7-4c82-a623-b2bbb7e06af5>

Day 02: <https://web.microsoftstream.com/video/1186d719-e293-4f86-b58f-6bc37e972451>

School of Architecture, REVA University organized an online 2-Day Design conclave on new product ideas on 22<sup>nd</sup> and 23<sup>rd</sup> of June 2021. Students of final year Architecture, had developed furniture/products based on the theme 'Pirouette' as a part of their curriculum. A total of 16 groups presented their new product ideas in front of our resource person Ar. Suman D Nanjappa and several other dignitaries like Dr. Bhagavanulu, Dr. KiranKumari Patil, Director, UIC, Dr. Vimala Swamy and Director Vidya Srikanth. The programme was held on MS Teams Platform.

Day 01: (22<sup>nd</sup> June 2021) Inauguration commenced with a brief welcome speech by Prof. Vidya Srikanth, Director School of Architecture. Prof. Vidya Srikanth welcomed all participants and gave a brief introduction about the Design Conclave and agenda. Prof. Vidya Srikanth invited Dr. Bagavanulu to express his thoughts on innovation and research in field of Architecture, which was followed by Dr. Vimala Swamy and Dr. Kirankumari Patil. The virtual inauguration ended with a brief introduction about the resource person Ar. Suman D Nanjappa, Principal Architect, Taller- S Designs.

Following the inauguration students of tenth semester B.Arch presented their new product ideas developed during the last 3 months. A total of 10 groups presented their furniture design ideas on the design brief 'Pirouette'. The products varied from furniture for Arthritis patients, outdoor furniture, Multipurpose furniture, kids modular furniture to Urban/ street furniture.

Day 02: On day 2, a total of 6 groups of students presented their ideas on 'Design of a helmet'. Students presented design solution for products varying from a smart helmet for motorcycle, a miner's helmet to foldable helmet for Bi-cycle.

Each presentation included framework, user group analysis, a research phase (research of existing similar products in the market and comparative analysis, a concept stage (which included a compactor diagram, mood boards and

conceptual sketches), product details, usage scenarios and value and potential of the product.

Day 2 ended with closing remarks by the resource person Ar. Suman D Nanjappa. He suggested that we could take few of the projects to next stage by making prototypes and applying for Design patent.

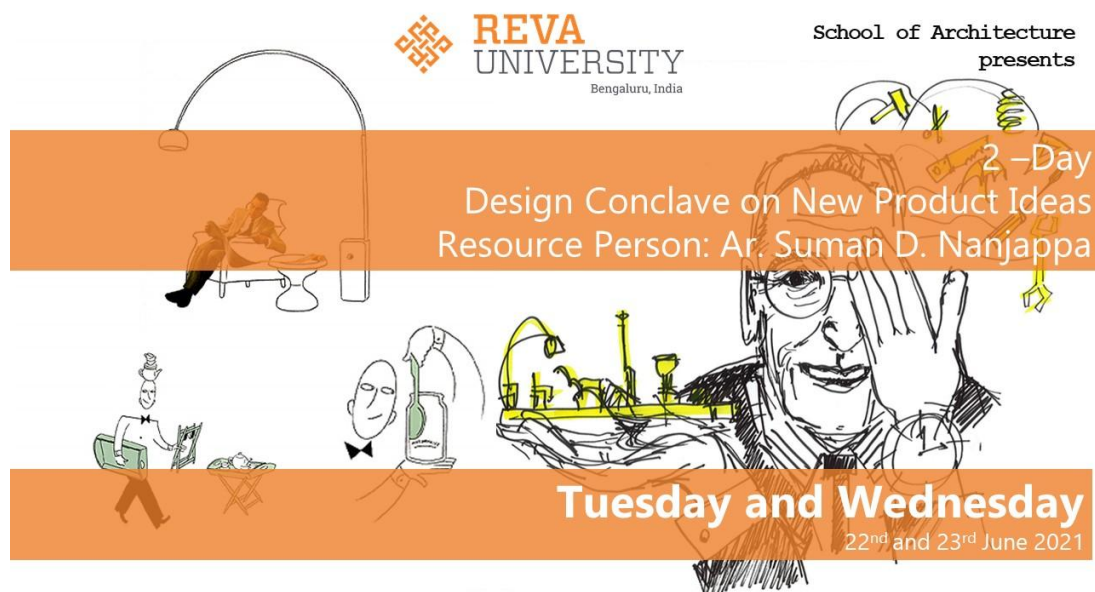

The whole event was moderated by Ar. Sriviji Nachimuthu, Assistant Professor at REVA university.

### **Feedback from Students:**

**Ginelle and Group:** The Design Conclave was conducted in an easy and straightforward manner where each group was allowed to give a full presentation without being interrupted by the moderator- which I feel allowed us to put our thoughts forward more clearly. The resource person himself was very interactive and made us comfortable enough to have a discussion rather than just a one-sided set of comments. This back and forth allowed us to defend our thought processes and ideas. Overall, I think our group has benefitted from understanding other avenues & thought processes for the future of our product through this Design Conclave.

**Sharron and Group:** We feel the Design conclave gave us new insights into the design possibilities. The juror pointed us out the technical design flaws and how it could be executed in the right direction. It also gave us the confidence to work more on it and bring the product to light one day.

## Virtual Knowledge Series 2.0: Vaastu Shastra Webinar

Topic: **Vaastu Shastra: The science of bending & shaping the 'Pancha Bhootas'**  
Organizer: School of Architecture, REVA University  
Platform: MS Team  
Dates: 29<sup>th</sup> and 30<sup>th</sup> June 2021 (10am to 12:30pm)  
Speaker: Smt. Sudha Pai, International Vaidic Vaastu consultant, Bangalore  
Anchor and Moderator: Asst. Prof. Anup Kumar Prasad  
Technical assistance: Mr. Mahamad Imtyazulla Khan A N

School of Architecture REVA University, organized 2 Days webinar: Vaastu Shastra as part of Virtual Knowledge Series 2.0

**SCHOOL OF ARCHITECTURE  
REVA UNIVERSITY**

**Vastu Shastra: The Science of bending & shaping the 'Pancha Bhootas'**

An interactive session  
By **Vastu Saraswati - Smt. Sudha Pai**

**29th and 30th June 2021  
10:00 AM to 12:00 Noon**

**Venue: Microsoft Teams**

**Deadline for registration 28th June**

**REVA UNIVERSITY**  
Bengaluru, India

**VIRTUAL KNOWLEDGE SERIES 2.0**

**ABOUT THE SPEAKER**

**Smt. Sudha Pai**  
International Vaidic consultant,  
Bangalore

Smt. Sudha Pai has been conferred the title "Vastu Saraswati" in recognition of her excellence in scriptural studies.

**Anchor and moderator  
Prof. Anup Kumar Prasad,**  
School of Architecture,  
REVA University, Bangalore

**Registration Free**

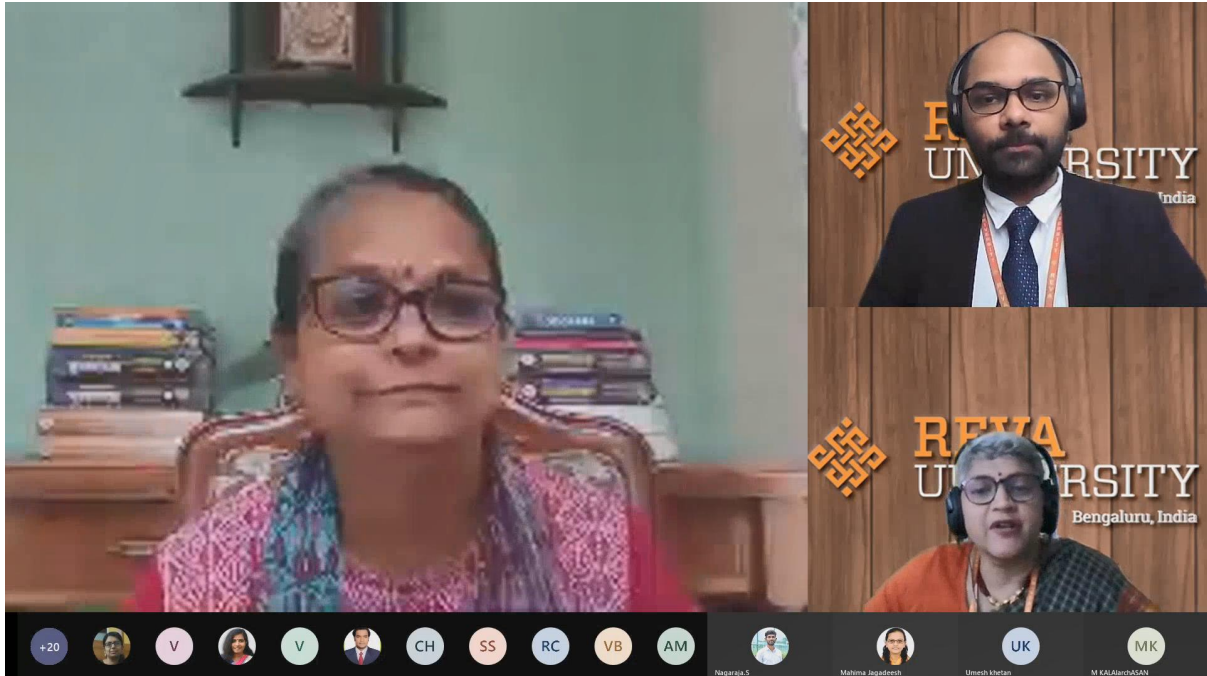

### Brief:

Vastu Saastra is an ancient science which covers the philosophy and theory of Architectural works to construct any building as well as living style of people. It is based on various natural energies, which are available free of cost in atmosphere. Vaastu considered the interplay of various forces of nature involving the five elements of earth, water, wind, fire and ether and strives to maintain equilibrium as these elements influence, guide and change the living styles of not only human beings but every living being on earth. Thus it influence our deeds, luck, behavior and basics of life.

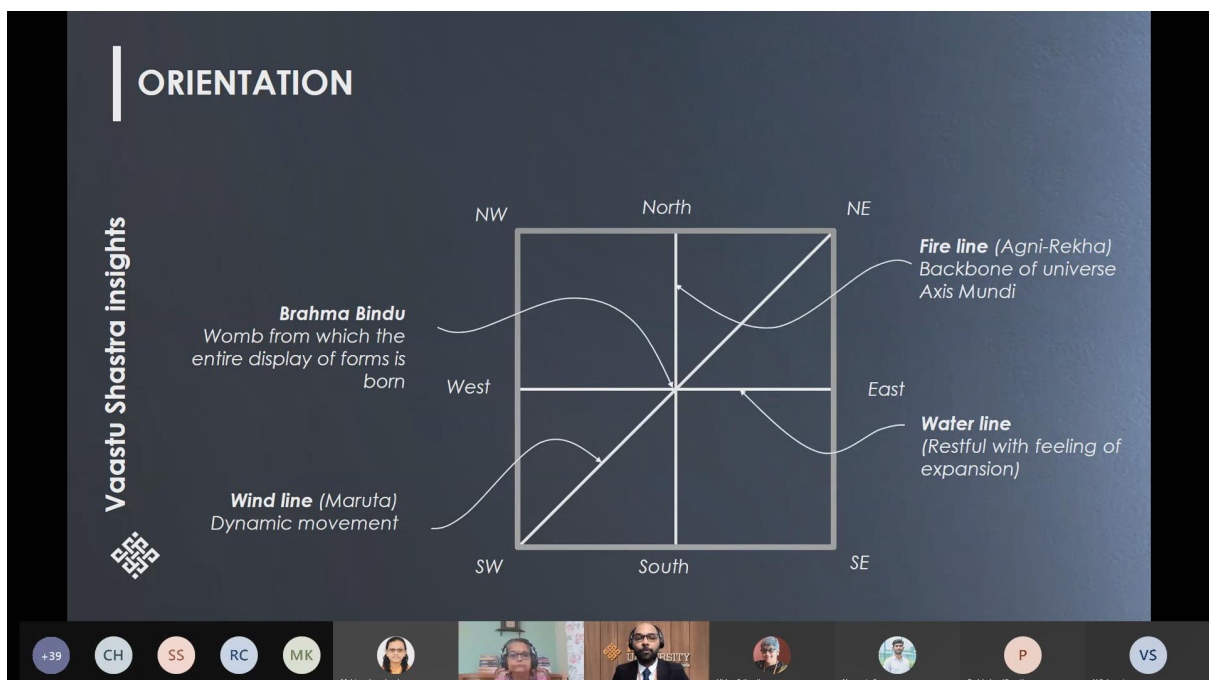

### Key highlights:

1. Learn about lineage and science of Vaastu
2. Unravel the science of ancient Vaastu knowledge
3. Demystifying myths around Vaastu
4. Establish connections of Vaastu and natural forces

**Day 1** (29<sup>th</sup> June 2021) Inauguration commenced with a brief welcome speech by Prof. Vidya Srikanth, Director School of Architecture, REVA University. Prof. Vidya Srikanth highlighted the significance of Vaastu Shastra for the budding and practicing architect by unraveling the science behind it.

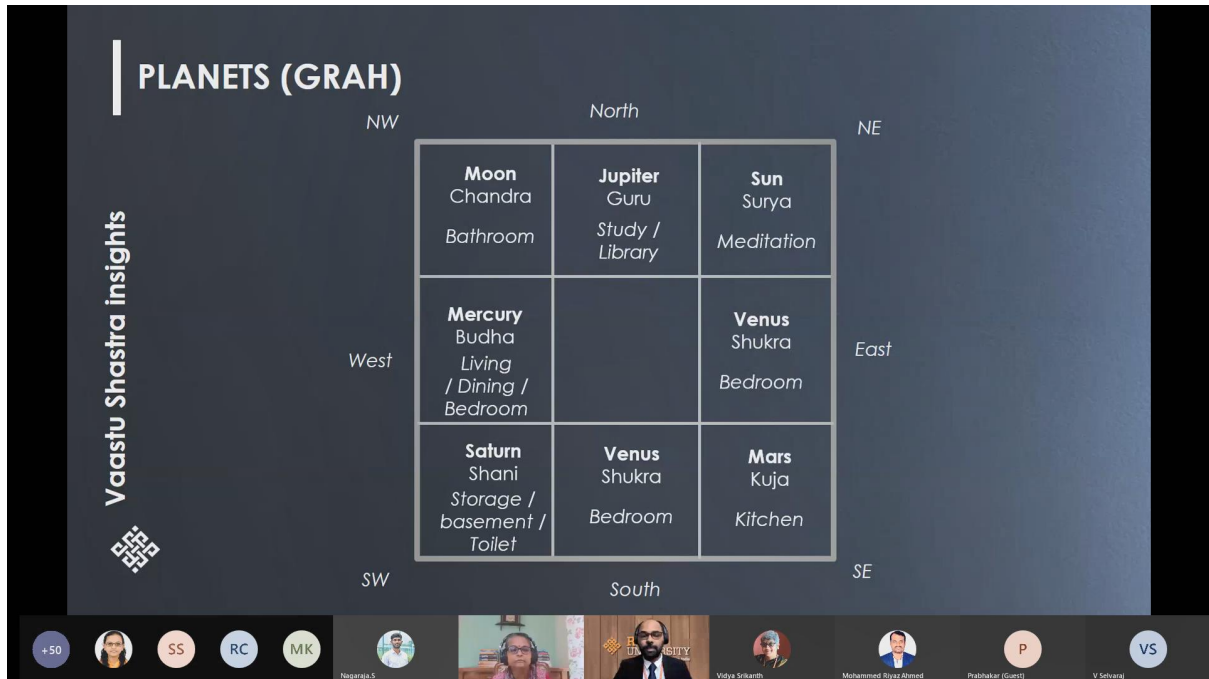

**Day 1 Session 1:** Commenced by Asst. Professor Anup Kumar Prasad. His presentation on Vaastu Shastra Tool for making home was based on scientific facts. He has covered Vaastu Shastra insight by considering, Orientation, in the relationship with the three energy (Treemurthi) Sattva, Rajas and Tamas, including the five elements (Panch Bhootas) in design guidelines.

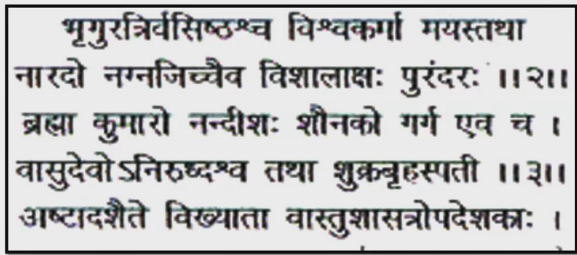

The house guidelines explained on skala through the positioning of Grahas in each direction.

**Day 1 Session 2:** by Smt. Sudha Pai, International Vaidic consultant, Bangalore. She studied Vaidic Vastu Shastra from Veda Vignan Maha Vidya Peeth of Art of Living, Bangalore under the tutelage of “Vastu Vidya Vachaspati” Dr. N.H.Sahasrabuddhe, of Pune, alumnus of Indian Institute of Science, Bangalore, Founder of “Sahasra Mahavastu”, author of over 25 books on Vastu Shastra. Mrs. Sudha Pai has been conferred the title “Vastu Saraswati” in recognition of her excellence in scriptural studies.

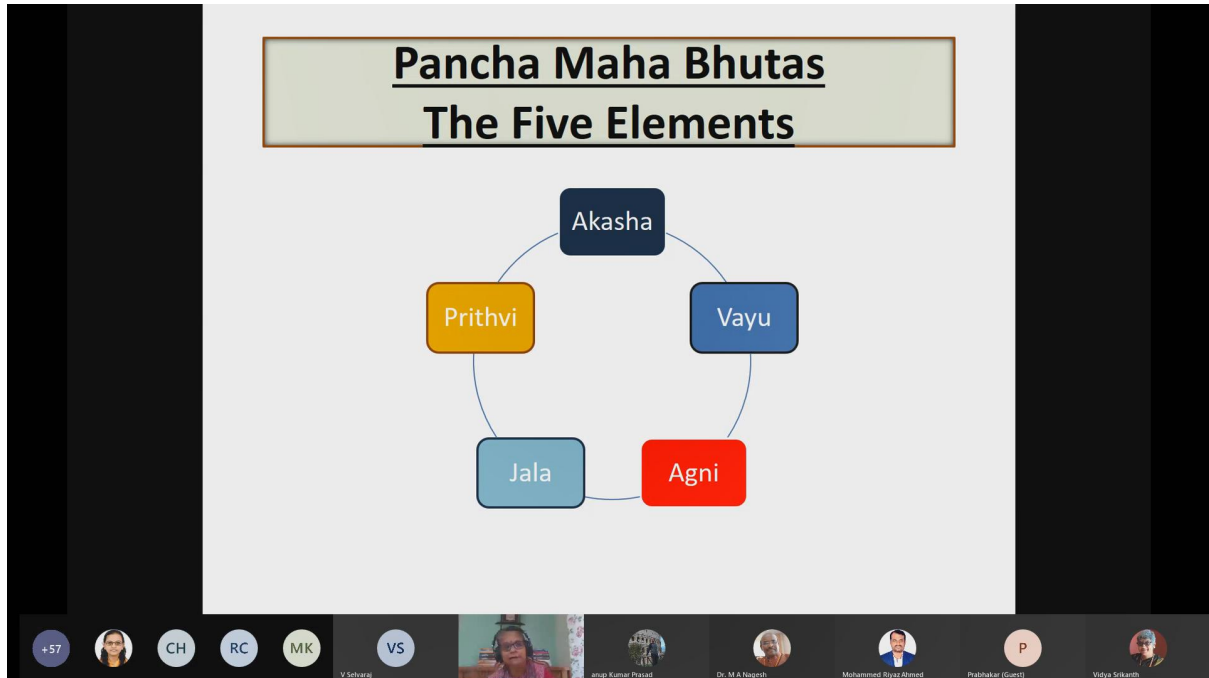

Smt. Sudha Pai begun with explaining the ancient scriptural references behind the origin of Vaastu Vidya.

भृगुरत्रिर्वसिष्ठश्च विश्वकर्मा मयस्तथा  
 नारदो नग्नजिच्चैव विशालाक्षः पुरंदरः ॥२॥  
 ब्रह्मा कुमारो नन्दीशः शौनको गर्ग एव च ।  
 वासुदेवोऽनिरुद्धश्च तथा शुक्रबृहस्पती ॥३॥  
 अष्टादशैते विख्याता वास्तुशास्त्रोपदेशकाः ।

Bhrugurathrir Vasishtashcha Vishwakarma Mayastatha  
 Narado Nagnajichchaiva Vishalakshah Purandaraha  
 Brahma Kumaro Nandeeshaha Shaunako Garga Evacha  
 Vasudevo Aniruddhashcha Tatha Shukra Bruhaspati  
 AshtAdashaite Vikhyata Vastushastropadeshakah  
 (Matsyapurana Ch.252)

She has explained the significance of the Pancha Maha Bhutas and its effect on Microcosm and human life. Further she established the relation of pancha Bhutas with the directions and orientation.

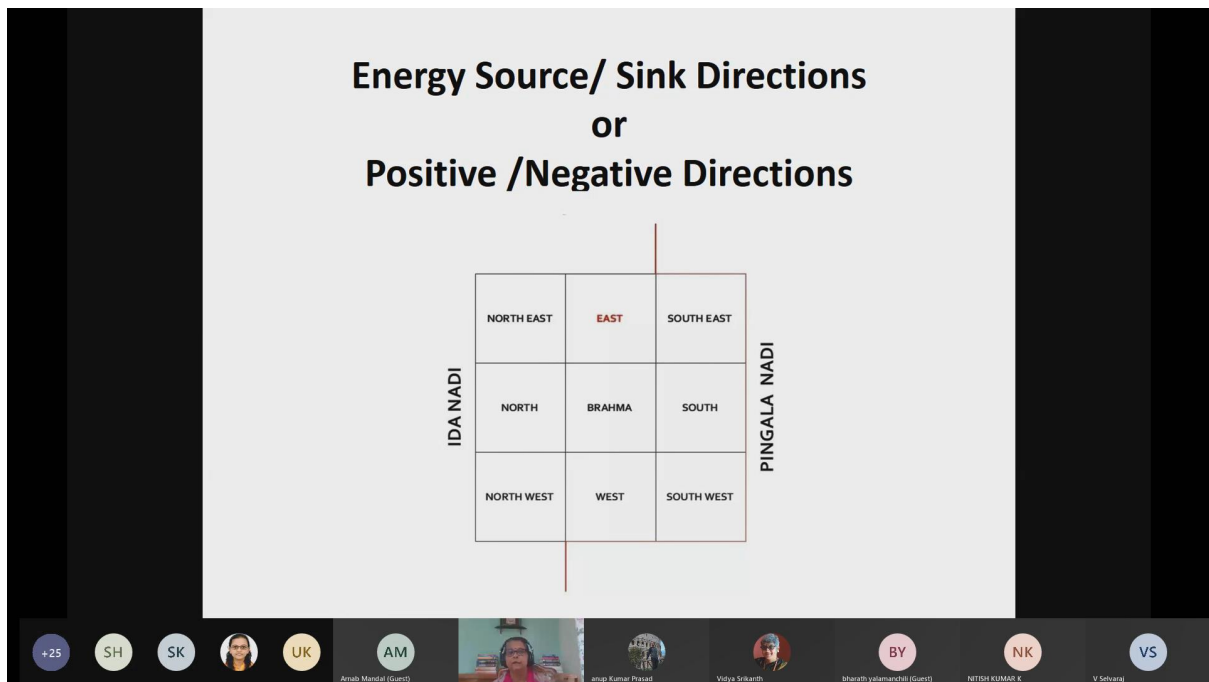

**Day 1 Session 3** (Question and Answer): After explaining the theory, Smt. Sudha Pai begun taking queries from the answer and resolving the concerns and questions from the audience.

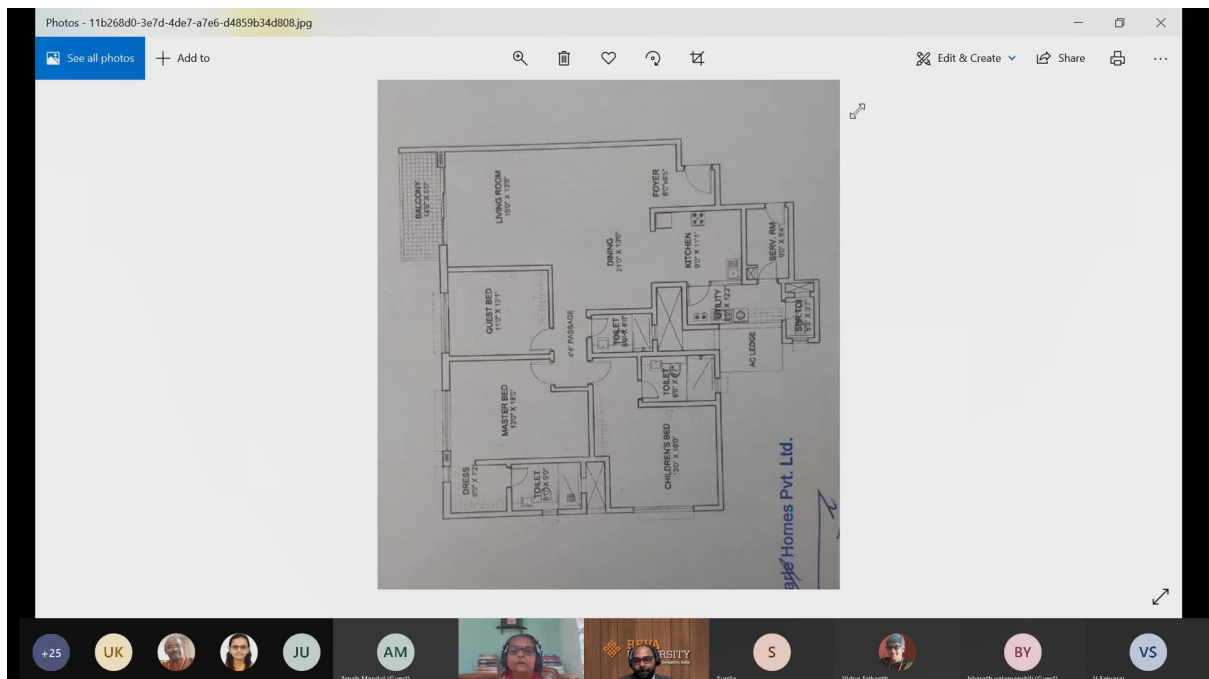

**Day 2** (30<sup>th</sup> June 2021) **Session 1**: Begun with the continuation of Vaastu Shastra theory by Smt. Sudha Pai. She elaborated the significance of several energy in

accordance with positive and negative direction. Further the directional influence on birth chart and Family Members.

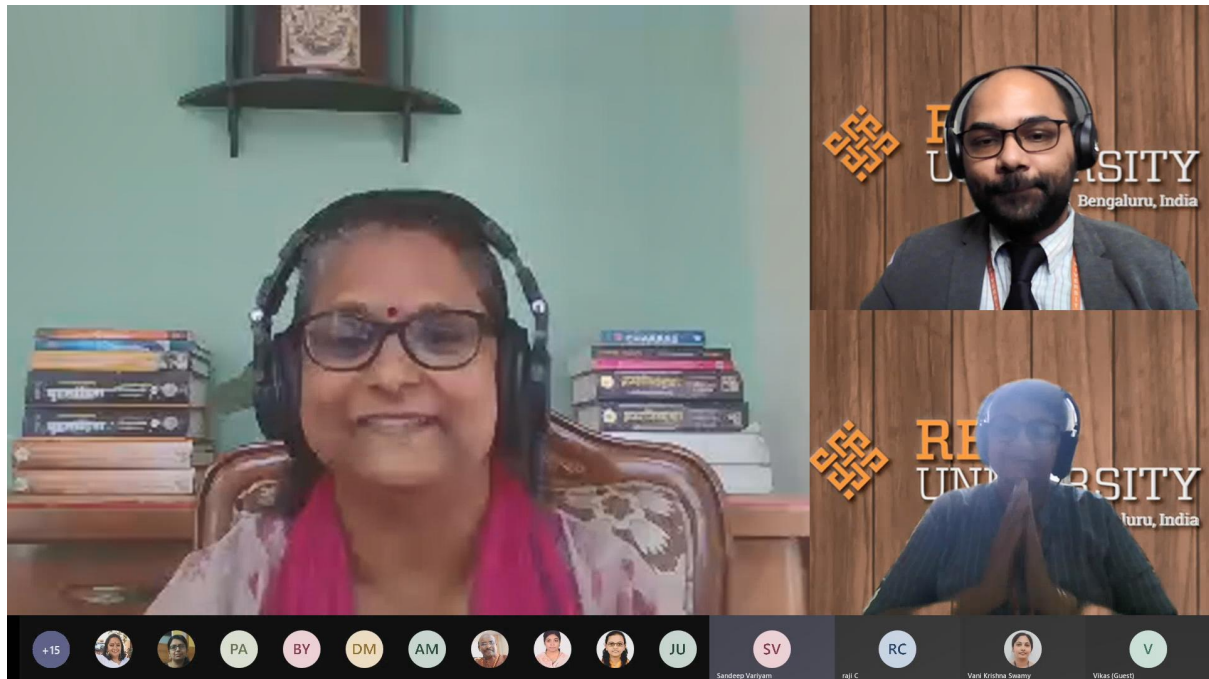

**Day 2 Session 2:** After explaining the brief theory on facts behind Vaastu Shastra, Smt. Sudha Pai discussed live case studies to show relevance of various aspects and its impact on the user's life.

**Day 2 Session 3 (Question and Answer):** After the Theory part questions and queries from the audience has been taken and answered them the best way possible.

The Webinar ended with Thank you note by Prof. Vidya Srikanth, Director School of Architecture, REVA University.

**Feedback:** Feedback received from the participants are extremely positive. The webinar was informative and eye opener.

We would like to thanks REVA Management, Team School of Architecture and Director School of Architecture of continuous support and encouragement.

**Date: 23.06.2021**

**Traditional Folk Art Heritage- An Insight into Gond Art**

SDC Workshop: Traditional Folk Art Heritage- An Insight into Gond Art

Date: 16<sup>th</sup> to 19<sup>th</sup> June 2021 (4 days)

Time: 9am– 6pm

Resource person for the Workshop: **Asst.Prof Dr.Anupama RM**

Venue: Online

Semester: II Semester

No. of students: 28

A 4 day Skill development programme titled- Traditional Folk art heritage: An insight into Gond art was organized for students of 2nd semester, B.Arch. As per the curriculum such skill enhancement activities are included under Architectural Workshop, a 2 credit course in the B.Arch. curriculum.

Folk art covers all forms of visual art made in the context of culture. The objective of this workshop was to introduce the students about the Folk Art of various communities in India and to reflect the cultural life of the particular community.

Resource person- Dr. Anupama R M has formulated a 4 days' workshop for the architecture students to get inspiration on various materials and do a product design based on the idea of Painting Gond Art.

Day 1: Students were given an introduction and lecture on Folk Art and different types of Folk Art and Gond Painting with examples. Students were instructed to collect some 10 Gond Artists Names and paintings.

Students selected the painting of famous artists and recreated the same by sketching on the paper to adopt the style of Gond Art.

Day 2: Resource person gave a demonstration on how to execute the detailing of Gond Art and students started painting under the guidance of the resource person and submitted the work.

Day 3: Students were given a new challenge to create a painting based contemporary life following the Gond style. Students sketched under the guidance of the resource person and started painting.

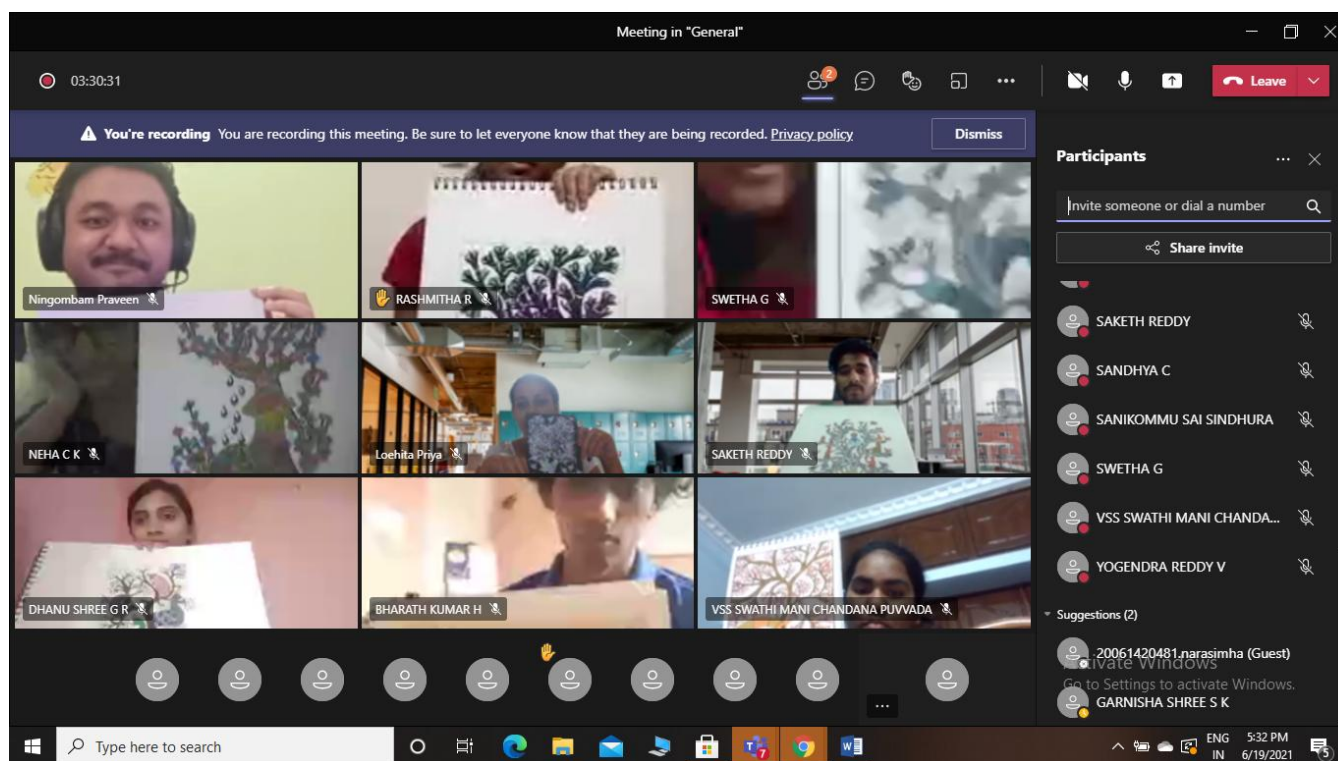

Day 4: Students were instructed to Experiment with different media such as wood, hand kerchief, water bottle, fabric etc. and paint on them.

The outcomes of this 4 day workshop led the students to produce 3 to 4 beautiful art works using varied media.

Students participated with lot of enthusiasm and fun.

The brainstorming and creative exercises carried out as a part of this workshop help develop their intellectual skills.

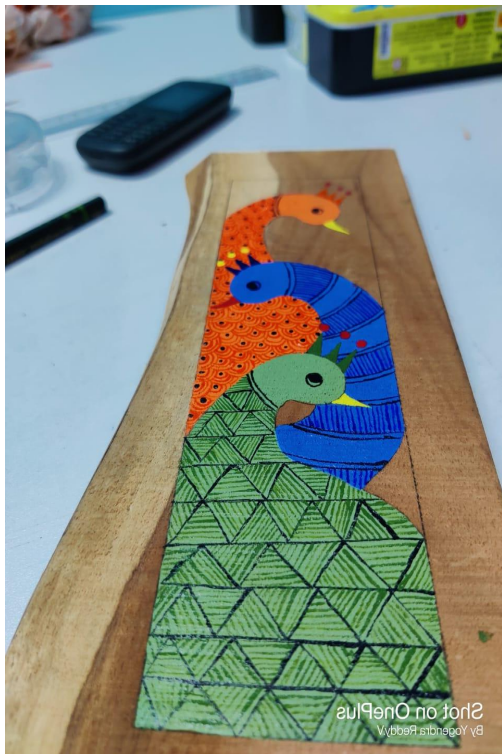

I would like to thank our Director in charge Prof. Vidya Srikanth for her immense support and Prof. Shubi Sonal for her guidance.

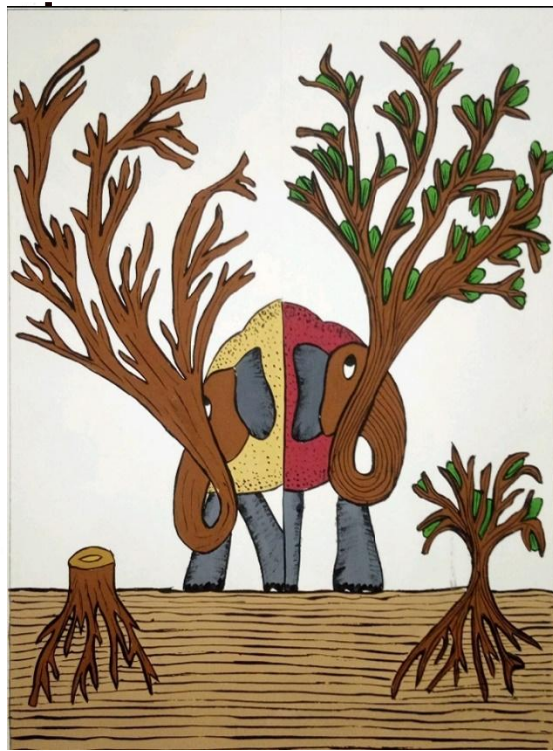

Media : Water Bottle, Wood, Paper, Hand kerchief & Hand Bag

## **“BEING YOU: A journey to building self-esteem and confidence”**

School of Architecture, REVA University

Subject: **2 Credits Certification Course**  
Agenda: **“BEING YOU: A journey to building self-esteem and confidence”**  
Platform: **Microsoft Team**  
Dates: **16<sup>th</sup> June 2021 to 19<sup>th</sup> June 2021 (4 Days)**  
Time: **09:30am to 04:00pm**  
Participants: **35 Students, 2<sup>nd</sup> Semester, School of Architecture**  
Conducted by: **Asst. Prof. Divya Hemantharaj**

As part of the curriculum, a two-credit certification course **“BEING YOU: A journey to building self-esteem and confidence”** was conducted for the second semester students over a period of 4 days.

**“BEING YOU”** as the course name suggests, the main intention of this course was to enhance the student's ability to be and express themselves for who they are. A varied subject of interest as compared to the usual architectural learning, was indeed delightful for the students to learn and take away knowledge and skills for their everyday being.

The course spanned over four days, with two sessions conducted daily. A combination of lectures and discussions/interaction was planned.

**16<sup>th</sup> June 2021**

Day 1 Session 1: "Introduction to Happiness & Hacks"

Day 1 Session 2: "All about Laughter"

Day one focused on what the student's idea was on happiness, how laughter is important in daily lives, discussion & interaction with all the students was done. How to hack into the happy hormones on daily basis and the benefit of laughter. The sessions individually were summed up with a Happiness Questionnaire and their definition of happiness. What is their current playfulness quotient and laughter quotient was, to understand where they stand w.r.t these aspects and what can be done to enhance it.

**17<sup>th</sup> June 2021**

Day 2 Session 1: "Confidence – Resilience Building"

Day 2 Session 2: "Mindfulness - Body Language – Rapport Building"

Day two's focus was on "Self Esteem & Confidence". A lecture on confidence and resilience building was delivered. Followed by detailed interaction to understand positive confidence and where they lack, summarizing it with what best to be done in situations to tackle it. Followed with tasks and exercises the entire day to break into the shyness and overcome their inhibitions, such as "How comfortable are they in their own skin" – to click a selfie just as is and to share it with everyone. Mindful test to assess how much in the present they are, along with exercises to make them aware of the present moment.

A lecture on body language and rapport building leading to an activity where break out rooms were created for interaction with each other and breaking the ice and inhibitions about any judgements. Some found this activity to be effortless, whereas some took their time. Overall, everyone enjoyed the activity assigned, also getting to know their friends better.

To overcome their confidence of speaking, one minute speech of their choice was assigned.

**18<sup>th</sup> June 2021**

Day 3 Session 1: "Anxiety - Stress"

Day 3 Session 2: "Strength Awareness (Personality Development)"

Day three was based on the topic Anxiety – Stress - Strength Awareness, in today's pandemic times and classes shifting online this was a must address to the students. A lecture on anxiety, stress along with how to break the cycle was delivered. An exercise on what bothered them in the present moment and how to deal with the situation was conducted. Take away was that, it can be used in any situation to overcome issues. A stress questionnaire was assigned to analyze it.

Strength awareness was focused on their strength building for their personality and to find their unique traits. An exercise each to find their personality strengths and the "Unique Portrait" was assigned to each.

**19<sup>th</sup> June 2021**

Day 4 Session 1: "Self- Time Management."

Day 4 Session 2: "Goal Setting - Vision & Decision Boards"

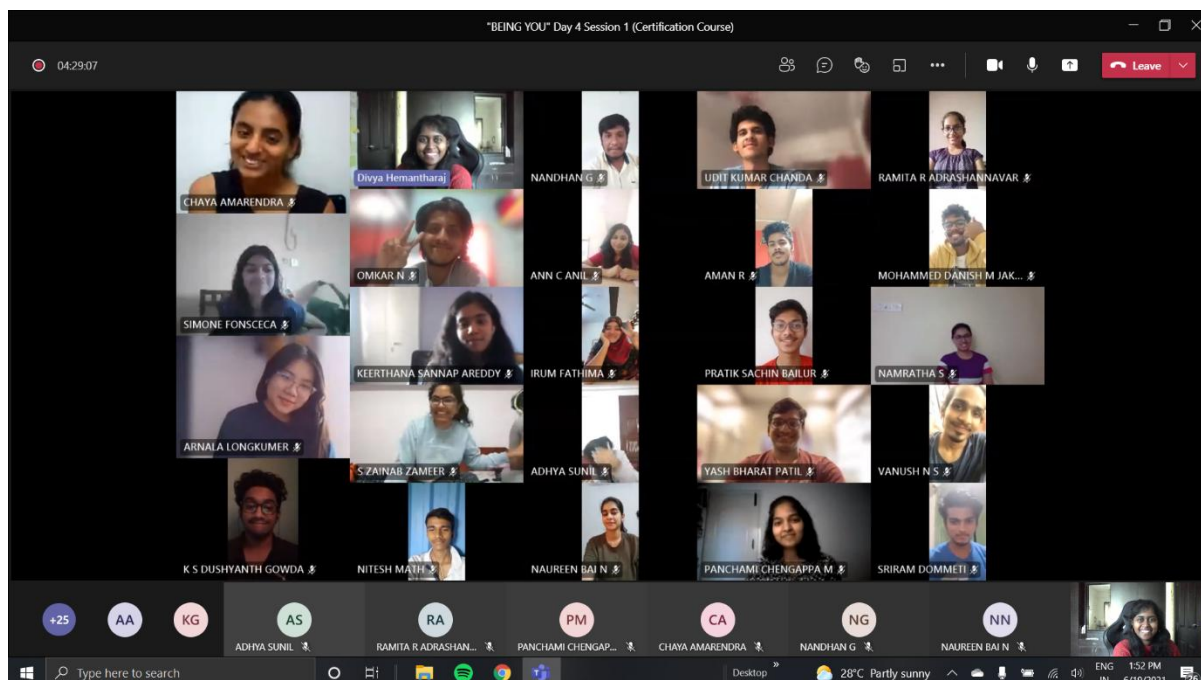

Day four concentrated on managing themselves and time. Guided the students through what happens in 24hrs of our lives, and how to manage their tasks within the day – along with a matrix to prioritize work and studies. An activity in groups of 4 to assess their scores, to share and discuss what are the solutions and implementation to be done henceforth from this course.

The last session concluded with Goals and goal setting and creating vision and decision boards for themselves.

Overall, these four days were packed with making the students understand and analyze and become aware of their authentic selves. The exercises and activities were planned in a way to bring out the uniqueness and help them break the ice about any inhibition for their self-esteem and confidence from each student. And plenty of knowledge to take home to manage themselves better. These four day has also given me insights into each ones strengths and understand the students better.

It was indeed a delight and honor to be given this opportunity to conduct this for the students. I would like to thank the Director Vidya Srikanth for trusting me and supporting me through this.

***Few screenshots from the online session:***

**Defining Happiness & Happiness Scores:**

① Happiness is the thing which you find in what ever you decide to do, which gives happiness, love, peace & satisfaction to you...  
→ Sriram Dommeti

HAPPINESS...!!!

BEING ABLE TO EXPRESS THE REAL ME,  
HAVING QUALITY TIME WITH FAMILY AND FRIENDS,  
DANCE OR SING TO EXPRESS NOT TO IMPRESS,  
EAT, SLEEP, BINGE, REPEAT.....  
AFTER HAVING STATED THE CERTAIN THINGS,  
THERE IS YET ANOTHER [CHAOTIC] FACTOR,  
'UNCERTAINTY' WHICH BRINGS IN CHERISHABLE  
MOMENTS AND CREATES MEMORIES.

- Namratha Sreedhara

WHEN NOTHING IS CERTAIN ANYTHING IS POSSIBLE  
EMBRACE THE UNCERTAINTY.

NAME - VAISHNAVI. BORALE

Score: 4.2413793103448

Happiness for me is when I be in home with everyone like my family which I obviously experienced by this lockdown

"Staying at home with my family makes me happy."

"Happiness is seeing the people around you be happy.  
Happiness is having someone you can rely on.  
Happiness is the pay off, the culmination of  
tireless days and sleepless nights mixed with  
self doubt, coming to an end, all of it bearing  
a result after."

-Mohammed Rayyan Mansoor.

Report on  
**Between the Lines 2021, virtual International Conference**

Topic: **Manifold resilient built environment**  
Organizer: School of Architecture, REVA University  
Venue: MS Team, Kalpana Chaudhary Hall, REVA University  
Dates: 12<sup>th</sup> and 13<sup>th</sup> March 2021 (9am to 4:30pm)  
Editorial: Asso. Prof. Shubhi Sonal, Prof. Vimala Swamy, Prof. Rajesh Malik, Asso. Prof. Raghuteja Vemana and Asst. Prof. Anup Kumar Prasad  
Keynote: Ar. Sugeet Grover, Ar. Leena Kumar, Ar. Victor Ténez Ybern, Ar. Yashaswini Sharma, Ar. Harsha Sridhar and Ar. Svetlana Nencheva

School of Architecture REVA University, organized 2 Days virtual International Conference, Between the Lines 2021. The theme for the conference - Manifold resilient built environment.

**Brief:**

Resilience has become the new Catch phrase in architecture/ urban planning replacing the term sustainable as the most coveted and desirable attribute of the environment.

The anthropocene era has witnessed constant threats to the environment ranging from natural disasters, manmade disasters such as pollution and war to global epidemics. The unmitigated impact of the COVID 19 pandemic has forced us to re imagine private and public architecture as well as the way ahead for our urban centres. There has been a gradual acceptance of the fact that architecture and urban planning needs to be resilient in order to sustain and remain relevant in face of these ever evolving challenges.

The Merriam Webster dictionary defines Resilience as an ability to recover from or adjust easily to misfortune or change.

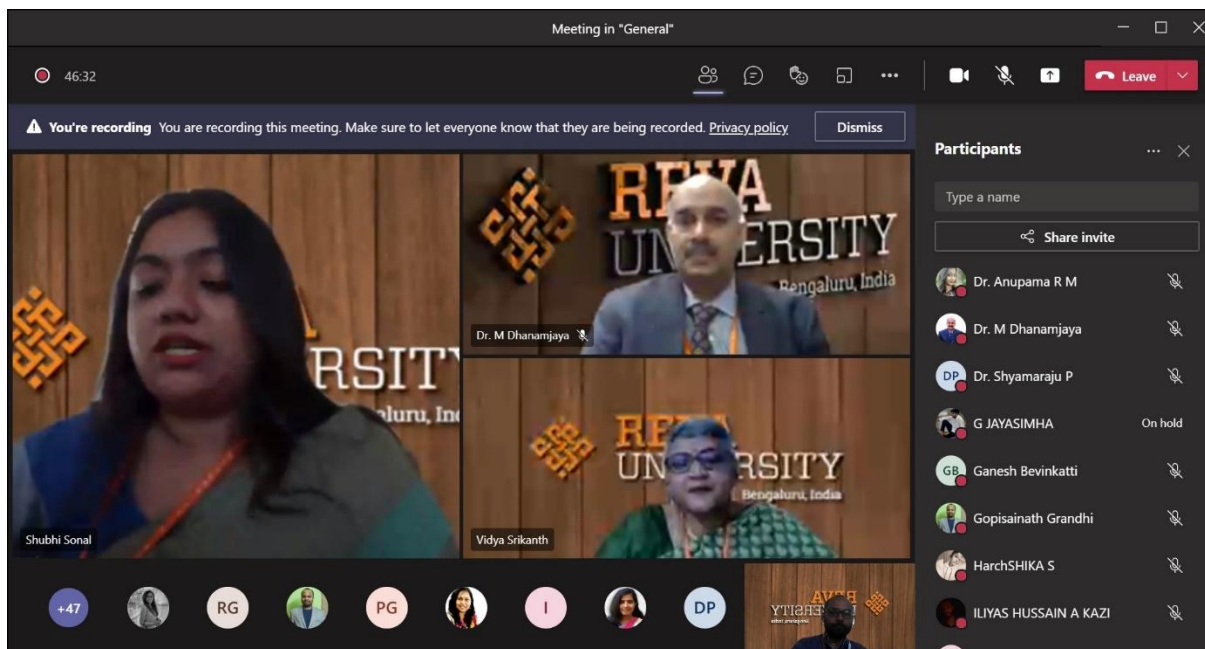

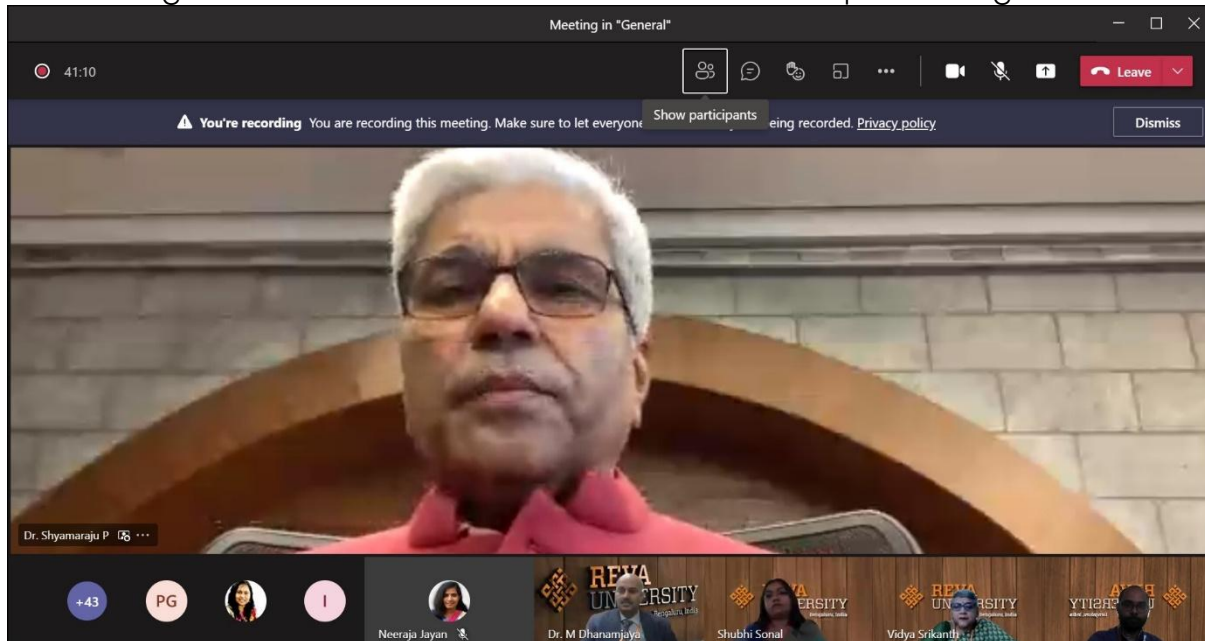

When applied to the realm of architecture/ urban planning, resilience may imply design of adaptable structures/ urban environments that can “learn” from their environments and sustain life, even in the face of disaster.

Secondly, resilience may be a desirable attribute for architects/ urban planners as they learn from their buildings/ urban projects and deploy ever more refined designs. The conference aims to highlight this duality in the meaning and application of resilience to the field of urban planning and architecture. Experts from various transdisciplinary fields will be invited to share a common platform and propose the combined knowledge towards manifold resilient built environment.

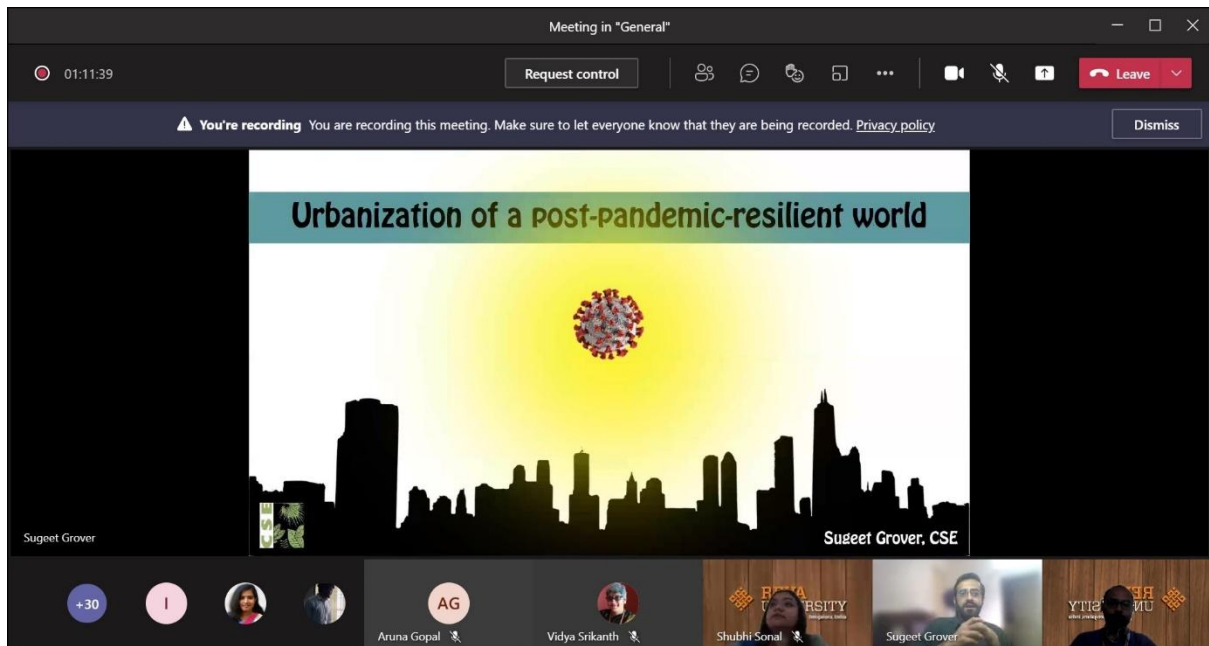

**The following tracks are proposed for the conference:**

1. Architecture/ Planning for resilience against climate change
2. Architecture/ Planning for Resilience against Natural disasters
3. Architecture/ Planning for Resilience against Anthropogenic hazards (man-made disasters)
4. Post Pandemic architecture/ Post Pandemic Urban futures

**Day 1** (12<sup>th</sup> March 2021) Inauguration commenced with a brief welcome speech by Prof. Vidya Srikanth, Director School of Architecture. Prof. Vidya Srikanth welcomed all participants and gave a brief introduction about the conference theme and agenda. Prof. Vidya Srikanth invited Chancellor Dr. P Shyamaraju to express his comments on the occasion followed by Vice Chancellor Dr. M Dhananjaya. The virtual inauguration ended with the release of Conference proceeding.

Mr. Sugeet Grover, Deputy Programme manager, Sustainable Habitat Programme, CSE delivered the first keynote on Housing and cities of a post-pandemic resilient world. Followed by the second keynote Mrs. Leena Kumar, Principal Architect, Kumar Consultants on Post pandemic Urban Futures.

Session 1 based on Track 1: Architecture/ Planning for resilience against climate change moderated by Asso. Prof. Neeraja Jayan and Asst. Prof. Prerana Hazarika. Followed by Session 2 on Track 2: Architecture/ Planning for resilience against Natural disaster moderated by Prof. Vimala Swamy and Asso. Prof. Kirutikaselvi.

Day 1 ended with the last keynote speaker Ar. Victor Tenez Ybern, Professor at Catalan Polytechnic University (UPC), Head of Urban and Metropolitan Strategy Service, AMB, Barcelona. He presented on Barcelona's superblock and its evolution.

**Day 2** (13<sup>th</sup> March 2021) begun with fourth Keynote Speaker Ar. Yashaswini Sharma, Conservation architect and founder, Esthetique Architects, Bengaluru. She presented on Sustainable practices of Built Heritage of India. Followed by fifth

keynote Ar. Harsha Sridhar, Principal architect, 'Initiative for Green Habitats' IGH, India on Resource Sensitivity while building resilient environments.

Session 3 based on Track 1: Resilience against Anthropogenic Hazards, moderated by Prof. Rajesh Malik and Asst. Prof. Sneha Murthy, followed by Session 4 on track 4: Post-Pandemic futures moderated by Asso. Prof. Raghuteja Vemana and Asst. Prof. Prerika Garg.

After the conclusion of all the paper presentation the last talk delivered by Austrian Ar. Svetlana Nencheva on Resilience against Natural Disaster.

Day 2 ended with closing remarks by Director Vidya Srikanth, followed by formal vote of Thanks.

We would like thanks entire Team School of Architecture, REVA Management and entire REVA family for continuous support and encouregment.

# **BETWEEN THE LINES 2021**

Manifold resilient built environment  
A 2 Days Virtual International Conference

**Dates: 12th and 13th March 2021**

Resilience has become the new catch phrase in architecture or urban planning replacing the term sustainable as the most coveted and desirable attribute of the environment.

When applied to the realm of architecture or urban planning, resilience may imply design of adaptable structures and urban environments that can "learn" from their environments and sustain life, even in the face of disaster.

The conference aims to highlight this duality in the meaning and application of resilience to the field of urban planning and architecture. Experts from various transdisciplinary fields will be invited to share a common platform and propose the combined knowledge towards manifold resilient built environment.

**Talk on International Internship and volunteering possibilities through AIESEC**

School of Architecture

Agenda: **International Internship and volunteering work**  
Speakers: **Mr. Tejaswar V**, representative AIESEC Bangalore  
Venue: **A.V. Room 325**, Architecture Block  
Dates: **14<sup>th</sup> November 2019**  
Coordinator: **Asst. Prof. Anup Kumar Prasad**  
Faculties: **Asso. Prof. Raghuteja Vemana & Asst. Prof. Ujjal Halder**  
Participants: **42 Students**, 5<sup>th</sup> Semester, School of Architecture

School of Architecture has arranged a talk on International Internship and volunteering possibilities for architecture students through AIESEC and interactive session for the students of 5<sup>th</sup> Semester School of Architecture.

Internship for architecture student is quite important and it is of 32 weeks long. Hence, it is essential for the students to go through various possibilities of internship to acquire as much exposure to the practical field as possible. International Internship and volunteering work in the field of architecture would surely add an additional parameter of exposure.

AIESEC is the youth run organization. It is an International, non-government and non-profit organization that provides young people with leadership development, cross-cultural internships and volunteer exchange globalist experiences. Mr. Tejaswar, representative of AIESEC, elaborated the possibilities of various Internship and volunteering work abroad. He illustrated the types of project done for the scheme through AIESEC. Various financial support options were also suggested. Video documentary has been shown sharing the student experience, who went through AIESEC and got benefited.

Most of the students showed interest and actively participated. Students started preparing application for getting the opportunities.

**Workshop / Expert talk on SWOT Analysis for B.Arch. Thesis students**

School of Architecture

Agenda: **SWOT Analysis to define focused direction for UG thesis**  
Tutors: **Ms Swetha Manivannan** and **Ms. Roshni**, team Unbind, Bangalore  
Venue: **A.V. Room 325**, Architecture Block  
Dates: **6<sup>th</sup> February 2020** (11am to 1pm)  
Coordinator: **Asst. Prof. Anup Kumar Prasad**  
Participants: **25 Students**, 10<sup>th</sup> Semester, School of Architecture

School of Architecture has arranged a workshop /Expert talk on SWOT Analysis for the final year students of B.Arch. for defining their thesis.

**Key concepts covered:**

- Identifying central idea of the thesis and associated determinants
- SWOT analysis (Approach and framework) best suited to the topic
- Project roadmap

**Methodology:**

Interactive presentation, Reflective mapping exercise for large group, facilitated smaller group discussions

**Agenda discussed:**

The workshop focuses on understanding basic questions around the U.G. thesis. The agenda which need to be considered before execution. Such as:

- Excitement factors of your thesis topic
- Situation analysis by categorizing, Primary, Secondary and Tertiary focuses
- Translation to build form based on 3 focuses
- What does my thesis do?
- Am I solving a problem?
- Am I adding value to an existing solution?

**Key points to proceed:**

- How to get more clarity – Based on 4 key features
  - i) Location of the project
  - ii) Scale of the project
  - iii) Building materials considered
  - iv) Architectural / Building style
- What Should I do next
  - i) Weaving a narrative
  - ii) Master Plan
  - iii) Individual buildings
  - iv) Detailing
  - v) Re-Do Master Plan
  - vi) Presentation

The workshop was interactive and ended with a positive feedback from students

Photographs from the workshop

School of Architecture

Date: **16th February 2020**

Time: **11.00 am – 1.00 pm**

**Key Features**

- Identifying central idea of the thesis and associated determinants
- SWOT analysis (Approach and framework) best suited to the topic
- + **Project roadmap**

Report on  
**Talk on Architectural Internship**  
School of Architecture

Agenda: **Discussion on criteria and process for Architectural Internship**  
Speakers: **Dr. Vimala Swamy, Asst. Prof. Ujjal Halder, Asst. Prof. Raghuteja Vema & Asst. Prof. Anup Kumar Prasad**, School of Architecture  
Venue: **A.V. Room 325**, Architecture Block  
Dates: **13<sup>th</sup> November 2019**  
Participants: **33 Students**, 7<sup>th</sup> Semester, School of Architecture

Faculties of School of Architecture have arranged a talk and interactive session for the students of 7<sup>th</sup> Semester School of Architecture. As per the guideline prescribed by Council of Architecture, and approved by MHRD, students from school of Architecture have to undergo, a one year of internship, for 8<sup>th</sup> and 9<sup>th</sup> Semester. Hence, it is essential to bring awareness about the Internship criteria and requirement from preparing portfolio, selecting firm, applying, working and completion.

Students comprehended the basic criteria:

- Work in office who does Architectural Practice
- Supervisor/Trainer should be an architect registered with Council of Architecture
- Periodic Assessment by the architect/trainer must reach the school
- Duration 1 year / 2 semester / 32 weeks

Students were illustrated with live examples, the type of work to be considered as learning from Internship

- Process of development of conceptual ideas (Outcome: Sketches, Drawings, Working Model, 3D, Report, Site Analysis etc.)
- Presentation skills (Outcome: Powerpoint, Photoshop, 3Ds, Tabulation etc.)
- Involvement in office discussions (Outcome: Brainstorming, Sketches, Notes, etc.)
- Client meetings (Outcome: Talking skill, presentation)
- Development of the concepts into working drawings (Outcome: Working Drawings: REVIT, AutoCAD)
- Tendering procedure (Outcome: Learning techniques of tendering)
- Site supervision during execution (Outcome: On site experiences)
- Coordination with the agencies (Outcome: Multidisciplinary involvement, Vendors and Materials)

Students were also explained about the documentation essential for Internship

- Appointment/Offer letter: Before beginning of the internship to the faculty in-charge
- Attendance: Monthly attendance to be submitted to Faculty in charge
- Periodic Assessment by the architect/trainer must reach the school
- Internship Completion Certificate: End of each semester, before beginning of next semester internship

All the faculty speakers, shared their experience and wisdom on how to select offices, how to work and create positive environment during internship and leave a positive feedback. Tips for creating CV, Portfolio making and list of Architectural

offices has been shared. Students get benefitted with the season and showed sincerity.

Photographs from the talk

Report on  
**Talk on woman empowerment**

Speaker: **Miss Soumya & Sandhya from Hindustan Unilever Limited**  
Faculty coordinator: **Asst. Prof. Anup Kumar Prasad**  
Venue: **A.V.Room 325, School of Architecture, REVA University**  
Date: **13<sup>th</sup> September 2019**  
Time: **11:30 am-12:45 pm**  
Participants: **46 students (Girls) from 3<sup>rd</sup>, 5<sup>th</sup> and 7<sup>th</sup> Semester**

Women's empowerment and achieving gender equality is essential for our society to ensure the sustainable development of the nation. Sustainable development is impossible without gender equality and women's empowerment. Many women feel the pressures of gender discrimination and comparatively less confidence, while others have become accustomed to being treated inferior to men.

To change the scenario, it is essential to educate woman from the beginning for being confident, self-dependent, bold and strong.

To bring awareness on the above mentioned area, Miss Soumya and Sandhya from Hindustan Unilever Limited gave a talk on following topic, to the students of Architecture.

1. Grooming
2. Women Empowerment
3. Hygiene

The discussion includes how to maintain appearance, tips for talk to high authority and present themselves during meetings and interviews. Addition to that, suggestion on maintaining self-hygiene and being confident during any presentation.

We sincerely thanks Miss Soumya for giving the influencing talk on bringing awareness among girl students from school of Architecture REVA University.

Few photographs during the Talk

The poster features a large pink female symbol with a raised fist inside the circle. To the left of the symbol, the text "EMP W" is visible, and to the right, "WERING MEN" is visible. Below the symbol, there is a pink silhouette of a woman's head and shoulders, looking upwards with a determined expression. The background is white with a subtle pink geometric design.

## SCHOOL OF CIVIL ENGINEERING

To

The Director,  
School of Civil Engineering,  
REVA University, Bangalore - 560064

Dear Sir,

I, Mr. Jayachandran, Assistant Professor, School of Civil Engineering, REVA University request your goodself to give permission to organise the skill development workshop on "Multitasking Skills" on 21<sup>st</sup> Feb. 2020 for the benefits of the students.

The resource persons of the event were internal faculties, School of Arts and Humanities, REVA University, Bangalore. It gives immense knowledge on developing the skills.

**Dr. Y. RAMALINGA REDDY**  
 Director  
 School of Civil Engineering

## **School of Electronics and Communication Engineering**

### **Report on “E-portfolio preparation “**

The School of ECE had organized program on “**E-portfolio preparation**” on 12<sup>th</sup> October 2019 in Aryabhatta Seminar Hall, C V Raman Block.

The Resource persons for the Technical Talk was Prof.Abisarika, Prof.Radha of School of Arts & Humanities, REVA University. Students were engaged in batches through out the day.

An electronic portfolio (also known as a digital portfolio, online portfolio, e-portfolio, e-folio, or eFolio) is a collection of electronic evidence assembled and managed by a user, usually on the Web. Such electronic evidence may include input text, electronic files, images, multimedia, blog entries, and hyperlinks.

In the present world the students have to present their faculties in professional sites like Linkden etc. For students E-portfolio has been used to facilitate, document, and archive student learning. It is a learning tool for students to clarify their educational goals, integrate and solidify learning through reflection, and showcase achivement to potential employers. By having students reflect on what they learned, how they learned it, and how much they learned, they start to take control of their own learning.

The following activities were carried out.

1. A Reflective Essay writing
2. A professional resume writing.

A handwritten signature in blue ink, consisting of a stylized 'S' and 'D' followed by a flourish.

Director  
School of Electronics &  
Communication Engineering  
REVA University, Rukmini Knowledge Park  
Kattigenahalli, Yelahanka, Bengaluru - 560 064

## Circular

This is to inform all students, School of Computer science and Applications conducting a Language Lab from School of Arts and Humanities.

The schedule for the labs is as following.

Name	Language and Communication Training		
Audience	I MCA		
Date	13/9/2018 - 15/9/2018	I MCA A(8:30am- 12:30pm)	46
Number of audience participated	46		
Venue	Basement Language Lab, Vivekananda Block.		
Resource person:	<b>Prof. Prasad Gowda</b>		
Event organizing Body	School of CSA REVA University		

We request all the students to make use of it. Kindly attend and fine tune yourself in terms of communication skills.

**Dr.S.SENTHIL**  
Director  
School of Computer Science & Applications  
REVA University, Kattigenahalli,  
Bangalore - 560 064.

Report on

**Language labs B.Arch. students**

School of Architecture

Agenda: To help students understand the importance of Language as a tool to explain their ideas and communicate better.

Tutors: **Dr. Payal**

Venue: **A.V. Room 325**, Architecture Block

Dates: 11th MArch 2019

Coordinator: **Dr. Payal**

Participants: **71** Students, REVA School of Architecture.

School of Architecture has arranged a workshop /Expert talk on English Language and Communication skills for the students of B.Arch.

**Key concepts covered:**

- English as a global language.
- Communication skills required in different social settings.
- Using the language to strengthen the presentation skills.

**Methodology:**

Interactive presentation, fun communication exercise for large group, facilitated smaller group discussions

**Agenda discussed:**

The workshop focused on understanding importance of having strong language and communication skills in different scenarios like:

- Communication in general
- Communication with friends or a group of peers
- Professional communication
- Addressing a gathering
- Presenting an idea or concept
- Interacting with someone for the first time

The workshop was interactive and ended with a positive feedback from students  
Photographs from the workshop.

School of ECE

## **School of Electronics and Communication Engineering**

### **Report on “Communication Skill Enhancement “**

The School of ECE had organized program on “**Communication Skill Enhancement**” on 27<sup>th</sup> October 2018 in Aryabhatta Seminar Hall, C V Raman Block.

The Resource persons for the Technical Talk was Prof.Abisarika, Prof.Ajay of School of Arts & Humanities, REVA University. Students were engaged in batches through out the day.

Communication skills are the abilities you use when giving and receiving different kinds of information. Some examples include communicating new ideas, feelings or even an update on your project. Communication skills involve listening, speaking, observing and empathising. It is also helpful to understand the differences in how to communicate through face-to-face interactions, phone conversations and digital communications like email and social media. The components of good communication are

- Active Listening
- Non Verbal Communication
- Volume & Clarity
- Confidence
- Feedback
- Empathy
- Respect
- Responsiveness

The following activities were conducted for the students to enhance their communication skills and thereby the vocabulary.

1. Debate
2. Listening to short audio and writing note on it.
3. Introducing oneself

## Finding in Architecture a workshop as Skill Development Program

**Workshop:** Form Finding in Architecture  
**Source Person:** Artist Shubhankar Prakash Bharti  
**Coordinator:** Asst. Prof. Anup Kumar Prasad  
**Others:** Asst Prof. Raghuteja Vemana and Asst. Prof. Ujjal Halder  
**Host:** Art Room, Clay workshop and Open court-yard, School of Architecture  
**Students:** 1<sup>st</sup> and 3<sup>rd</sup> Semester  
**70 students**  
**21<sup>st</sup>, 22<sup>nd</sup> and 23<sup>rd</sup> September 2018**

For fresh students of Architecture, form-generation from various resource becomes the critical To introduce students to the process of deriving architectural form, from anything and anything, a three days' workshop has been conducted.

Workshop was conducted by the School of Architecture, REVA University, Bengaluru in collaboration with an Artist Shubhankar Prakash Bharti, from Ecole Supérieure d'Art et de Design de la Méditerranée, formulated a 3 days' workshop for the architecture students to get inspire translate any texture, shape, form existing in our surrounding and home, into an innovating architectural form.

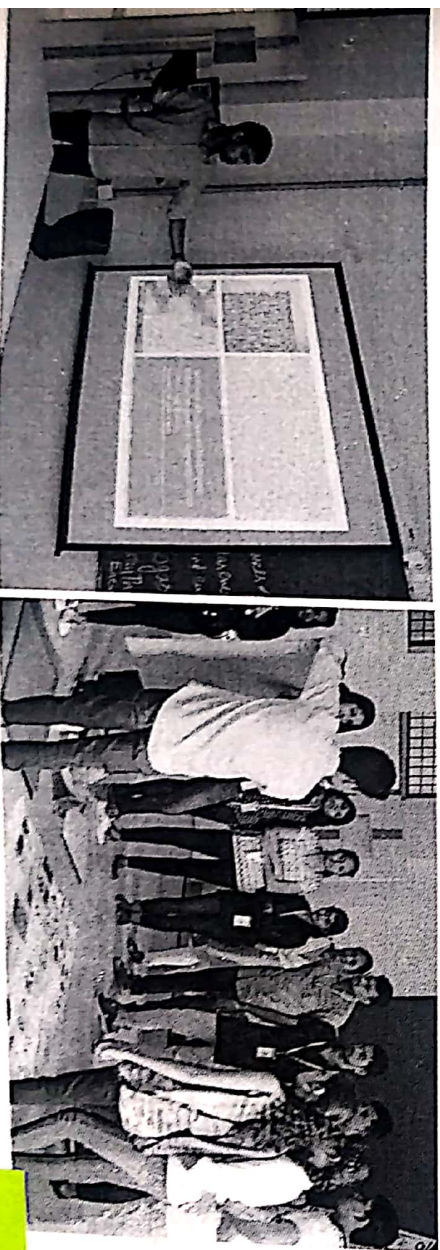

**1: Texture from the Environment.** Students were taken around the REVA campus and taught to identify and extract texture existing in the surrounding. Through the process of abstraction, a 3D model for architecture has been evolved from each texture.

**2: Looking through the Frame.** A bi-cycle has been kept as a reference. Students were asked to look through a frame of 150mm x 150mm size. Further they translated the framed part of bi-cycle into an interesting 3D form for architecture.

**3: Inspiration from daily groceries.** Further in continuation of the process of getting inspired the day to day life elements, such as, soap bubble, melting candle, flame and fume has some inspiration for deriving 3D form for architecture.

**Workshops:** Students participated with enthusiasm and express their interest in continuing the workshop more than 3 days.

### **ENGLISH LANGUAGE LAB**

Language labs are becoming highly valued in schools, colleges and universities because they offer students a structured e-learning environment that is successful and reliable. New technologies are increasingly introduced in the classrooms, as they facilitate the teacher's role in creating a more attractive learning environment for the student. It also offers their students additional practice hours and up-to-date exercises than can be found in language books.

Listening, Speaking, Reading and Writing (LSRW) are the four skills which play an important role in the acquisition of language and learning. English Language Lab has a tradition of helping learners to improve their English, whether for work, personal enrichment or English for Academic Purposes (EAP).

The language lab is a very useful tool that facilitates classroom engagement and interaction via computer-based exercises and activities to maximize language immersion. These labs provide a very different experience from the traditional system of teaching and learning languages, offering more advanced features and functionalities.

#### **Objectives**

- To improve the English proficiency of learners in all the four skills viz., listening, speaking, reading, and writing
- To give hands-on practice in grammar skills, pronunciation techniques, interview and presentation skills, group discussions, and listening practices to train them for the future.
- To acquaint students with the use of ICT and voice recognition tools
- To present the utmost interactive method of learning languages, through videos and games

#### **E CLASS SOFTWARE**

E Class software offers a huge content for the learning of English language skills. We help students to learn LSRW skills i.e. Listening, Speaking, Reading and writing. These four skills play an important part in the acquisition of language and learning. Digital language lab software promotes English language skills through grammar, writing, listening, phonetics and many

more skills through the computer system. It is user-friendly software which can be easily learned.

Learning the English language is not easy until we get the right study material to learn and practice. The English language is a global language and to master, this language one needs to learn the skills. It helps in reducing the communication gap. If a student is provided the platform of learning the English language from elementary class, then they can build a strong foundation in English. But to learn this language teacher has to guide the students in the right way to enhance the skills required to learn this language.

E class software is the innovative English language lab software, which gives students the ability to learn English language, this software can be accessed any time at any place. The software is designed to cover needs of various category students.

**Face to Face**

**Cutting Edge**

**Raymond Murphy – Grammar series**

**Martin Hewing's- Vocabulary series**

**The equipment used in English Learning Language lab software:**

- **Microphones** – Microphones are used with headsets by teachers and students to communicate the English learning exercises and other activities.
- **Headphones** – Headphones are used to listen to interactive video lectures for learning English skills covered in digital language lab software.
- **Media player/ recorder** – A recorder is used to record voice, audio recorder facility is provided in language lab software to record the voice and improve their accent.
- **Monitoring switches** – It enables the teacher to listen to the voice of the students whether they are pronouncing the word or sentence incorrect accent so that she can advise them and correct them.
- **Intercom switches** – It is used for two way communication process. The teacher pronounces a word and asks students to pronounce in the same accent.
- **LAN** – The language lab system works on local area networking. The systems are connected through local area networks or audio cabling for the smooth running of the system.

### **The benefits of the Spears Language lab to students:**

- Multimedia content for effective learning.
- Self-lab practice exercises
- Soft skills to develop personality
- Competitive exams are provided to help students prepare for the banking exam, SSC, Railway and many more exams.
- Various speech therapies for effective communication.
- Accent training facility
- Audio recording facility
- The benefits of the Spears Language lab to management

### **Skill Enhancement and Communication Skill Based Training**

#### **Pearson Certification**

The Pearson English International Certificate is a test that certifies everyday English language skills at all levels. It can be taken securely at home or at an authorised test centre so learners can take the test where they feel most confident.

All six levels of proficiency (A1, 1, 2, 3, 4 and 5) are designed to assess and accredit general English language ability. The levels are linked to the Common European Framework of Reference for Languages (CEFR) and accredited by Ofqual in the UK. It presents 6 levels, aligned with the Common European Framework of Reference for Languages. Each one of them is recognized globally and is accepted by employers and educational authorities in different countries as proof of the level reached in English.

Foundation (Level A1)

Elementary (Level 1)

Intermediate (Level 2)

Upper Intermediate (Level 3)

Advanced (Level 4)

Proficiency (Level 5)

The faculty members of the university and the students of REVA university have taken training in English Language Lab and have successfully completed all the levels of accreditation of English Language ability.

#### **Diagnostic Test for English Proficiency**

There are three very well-known language proficiency scales used around the world: the ACTFL scale, the CEFR scale, and the ILR scale. Each scale measures linguistic abilities on various levels to reflect an individual's ability to communicate effectively in a target language. All the faculty members of REVA university go through this English Diagnostic Test to show their English Language Proficiency once they join the institution. The faculty members underwent the diagnostic test and they could locate areas in which additional instruction is required and for which teaching methods need to be improved.

### **Spoken English Training for Lab Technicians**

The English Language laboratory is a very helpful tool for practicing and assessing one's speech in any language. It provides a facility which allows the student to listen to model pronunciation, repeat and record the same, listen to their performance and compare with the model, and do self-assessment. The lab technician of Civil and Mechanical Engineering were given a one week training on Listening, Speaking, Reading and Writing skills in the language lab, which could help them develop a habit of listening and speaking with accurate pronunciation. It includes English courses, English listening audio, English language studies and also English comprehension.

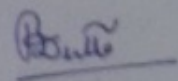

### **Kannada Kali Training**

The faculty members who are not proficient in Kannada language speaking, were given a two weeks training by the professors of Kannada. The training helped the faculty members inculcate the local language and could progress within a few weeks.

### **Foreign Language Training**

The School of Arts Humanities and Social Sciences trained the Engineering students batch wise in French Language. The Key concepts were on :

- Introduction to the Structure of the Language in contrast to English.
- Training on French Vocabulary and Pronunciation.
- Construction of sentence.
- Progressive teaching of phrases.
- French Grammar.
- French Accent.
- Developing listening and speaking skills in French.
- Conversation lessons and group interaction in French.
- Reading and writing French.
- Neutralizing language interference.
- French Translation.
- International Phonetic Alphabet (IPA)

Report on  
**Orientation Program in Entrepreneurship**  
School of Architecture

Agenda: **Discovering their entrepreneurial style and team management**  
Speakers: **Bhumika P Jain, Senior Associate**, Wadhvani Foundation, National Entrepreneurship Network  
Venue: **A.V. Room 123**, Architecture Block  
Dates: **29th, 30th November 2017 & 6th December 2017.**  
Participants: **62 Students**, All Year, School of Architecture

The Orientation Program in Entrepreneurship was completed successfully for the first batch students of School of Architecture.  
Please find below some pictures of the activities conducted during the program.

From discovering their entrepreneurial style and different styles coming together as a team for building the tallest newspaper tower, to redesigning a backpack after learning the Design Thinking Process; students were highly participative in the program. They were left enthused and inspired to go forward in the Entrepreneurial journey!

Report on

**Language labs B.Arch. students**

School of Architecture

Agenda: To help students understand the importance of Language as a tool to explain their ideas and communicate better.

Tutors: **Dr. Payal**

Venue: **A.V. Room 325**, Architecture Block

Dates: 5th MArch 2018

Coordinator: **Dr. PAyal**

Participants: **80** Students, REVA School of Architecture.

School of Architecture has arranged a workshop /Expert talk on English Language and Communication skills for the students of B.Arch.

**Key concepts covered:**

- English as a global language.
- Communication skills required in different social settings.
- Using the language to strengthen the presentation skills.

**Methodology:**

Interactive presentation, fun communication exercise for large group, facilitated smaller group discussions

**Agenda discussed:**

The workshop focused on understanding importance of having strong language and communication skills in different scenarios like:

- Communication in general
- Communication with friends or a group of peers
- Professional communication
- Addressing a gathering
- Presenting an idea or concept
- Interacting with someone for the first time

The workshop was interactive and ended with a positive feedback from students  
Photographs from the workshop.

**Dr. Y. RAMALINGA REDDY**  
Director  
School of Civil Engineering

**School:** Electronics and Communication Engineering

**Title:** Talk session on “Importance of Technical Skill Set in Placements “

**Organised:** Coder’s Club

**Date:** 27<sup>th</sup> January 2018

**Location:** CNR Rao Seminar hall, C V Raman Block.

**Description:** The School of Electronics & Communication Engineering **Coder’s Club** successfully conducted it’s second event on 27th January 2018 in CNR Rao Seminar hall, C V Raman block. Delegates attending the event were students from the School of ECE in the presence of faculty coordinator Prof. Rashmi Priyadharshini.B K.

The event was a talk session on “**Importance of Technical Skill Set in Placements and career in the modern digital world**” with 68 students present. The speakers of the session were seniors and pass outs of Reva University who have reached greater heights with their hard work and have been placed in companies/working currently. The talk session commenced at exactly 3:30 PM. The session started with Miss. Namratha Karanth giving an introduction to the talk session and listing out achievements of the speakers followed by few notable words spoken by faculty Coordinator Prof.Rashmi Priyadharshini.

The Event started with the first speaker of the session Mr. Roshan Sadath who has bagged many companies in placement and has been working on a Deep Learning project. He began with addressing about how to master different computer languages, tricks and tips on cracking placement interviews, do’s and don’ts of practicing methods, websites and books to refer for the sake of fast learning, Preparing a resume and he also answered huge number of queries from the audience.

The talk session continued with the second speaker Mr. Roshan Faisal addressing the issue on students who had chosen biology in their 11-12th grade and then learning computer languages in Engineering as they find it tougher to fit in with others. He also suggested many ways of practicing codes one of it is using an Arduino and dumping the codes onto the Microcontroller.

The last speaker of the event Mr. Rahul, being an active coder, his insights on how he coped up with learning languages and tackling different ways of solving a given problem was very helpful for the students. He spoke about breaking down problems and solving the smaller modules first, tackling the problem in a reverse order and other ways! With this, the interactive session ended with questions being answered by the speakers and Miss. Namratha thanking the speakers for the valuable time and sharing their insights.

We would like to thank our beloved Chancellor, Dr. P. Shyama Raju Sir for providing all facilities and support to conduct this program. We also thank Vice Chancellor Dr. S. Y. Kulkarni Sir, Advisor Dr. V G Talawar Sir, Registrar Dr. M. Dhanamjaya Sir, and Dean-

Training, Placement and Planning, Dr. N. Ramesh Sir, for their motivation, help and support to conduct talk.

We also thank our Director, School of ECE, Dr. R C. Biradar, for his constant support and always motivating us to organize such events in School of ECE.

We also thank all the Faculty members, Technical staff of School of ECE for their kind support and coordination in organizing the Talk successfully.

Director  
School of Electronics &  
Communication Engineering  
REVA University, Rukmini Knowledge Park  
Kattigenahalli, Yelahanka, Bengaluru - 560 064

### **Pearson Certificate Course as Skill Development Program**

Venue: **Room 422, Vivekananda Block, REVA University**

Dates: **21 August to 30 December 2017**

Time: **Wednesday and Friday– 3.30-4.30 p.m.**

Semester: **VI BAJEP Students - 2017 Batch**

Coordinated by: **Prof. Manjunatha**

Convened by: **Prof Charitra** (School of Arts and Humanities, REVA University)

Pearson is the world's largest education company and UK's largest awarding organization. They offer internationally recognized qualifications to schools, colleges and employers globally, they provide comprehensive support for Ed excel students to acquire the knowledge and skills needed for progression in study, work and life.

Its world-class standards of qualifications are developed considering its global relevance maintaining a consistent standard. They work collaboratively with a panel of educational thought leaders and assessment experts, to ensure that its qualifications represent world-class best practices.

They have well designed Objectives to enable students to learn fluent reading, understanding and writing effectively with correct grammar, punctuation and spellings. The students will be able to understand standard spoken English after the completion of the course.

A guide is designed which gives an overview of the Pearson Ed excel International GCSE in English Language, with a course planner and schemes of work, a range of resources to help students connect better. It provides latest innovative methods for the teachers in the assessments. The most detailed analysis available of the students' exam performance, assessment objectives and weightings separately for reading, writing and spoken language are available. If a student completes the endorsement, for the optional Spoken Language it will appear on their certificate as a separately reported grade.

**REVA University**  
**School of Arts and Humanities**

**Pearson Certificate Program**

**Qualification aims and objectives**

The aims and objectives of this qualification are to enable students to:

- read a wide range of texts fluently and with good understanding
- read critically and use knowledge gained from wide reading to inform and improve their own writing
- write effectively and coherently using Standard English appropriately
- use grammar correctly, punctuate and spell accurately
- acquire and apply a wide vocabulary alongside knowledge and understanding of grammatical terminology, and linguistic conventions for reading, writing and spoken language
- listen to and understand spoken language, and use spoken Standard English effectively. Spoken language will be reported as a separate grade on the student's certificate.

**Pearson – the world's largest education company**

Edexcel academic qualifications are from Pearson, the UK's largest awarding organisation. With over 3.4 million students studying our academic and vocational qualifications worldwide, we offer internationally recognised qualifications to schools, colleges and employers globally.

Pearson is recognised as the world's largest education company, allowing us to drive innovation and provide comprehensive support for Edexcel students to acquire the knowledge and skills they need for progression in study, work and life.

**A heritage you can trust**

The background to Pearson becoming the UK's largest awarding organisation began in 1836, when a royal charter gave the University of London its first powers to conduct exams and confer degrees on its students. With over 150 years of international education experience, Edexcel qualifications have firm academic foundations, built on the traditions and rigour associated with Britain's educational system.

**Results you can trust**

Pearson's leading online marking technology has been shown to produce exceptionally reliable results, demonstrating that, at every stage, Edexcel qualifications maintain the highest standards.

**Developed to Pearson's world class qualifications standards**

Pearson's world-class standards mean that all Edexcel qualifications are developed to be rigorous, demanding, inclusive and empowering. We work collaboratively with a panel of educational thought leaders and assessment experts, to ensure that Edexcel qualifications are globally relevant, represent world-class best practice and maintain a consistent standard.

## **Supporting you in planning and implementing this qualification**

### **Planning**

- Our *Getting Started Guide* gives you an overview of the Pearson Edexcel International GCSE in English Language (Specification B) to help you understand the changes to content and assessment, and what these changes mean for you and your students.
- We will give you a course planner and schemes of work.
- Our mapping documents highlight key differences between the new and legacy specifications.

### **Teaching and learning**

- Our skills maps highlight opportunities for students to develop skills that are assessed, as well as skills that are not directly assessed.
- Print and digital learning and teaching resources – promote 'any time, any place' learning to improve student motivation and encourage new ways of working.

### **Preparing for exams**

We will also give you a range of resources to help you prepare your students for the assessments, including:

- specimen papers to use as formative assessments and for mock exams
- examiner commentaries following each examination series.

### **ResultsPlus**

ResultsPlus provides the most detailed analysis available of your students' exam performance. It can help you to identify the topics and skills where further learning would benefit your students.

### **examWizard**

This is a free online resource designed to support students and teachers with exam preparation and assessment.

### **Training events**

In addition to online training, we host a series of training events each year that give teachers a deeper understanding of our qualifications.

### **Get help and support**

Our subject advisor service ensures that you receive help and guidance from us. You can sign up to receive updates at <http://qualifications.pearson.com/en/forms/subject-advisor-english.html> or email 'sign me up' to [teachingenglish@pearson.com](mailto:teachingenglish@pearson.com)

## Assessment objectives and weightings

			<b>% in International GCSE</b>
<b>READING</b>	<b>A01</b>	Read and understand a variety of texts, selecting and interpreting information, ideas and perspectives	15
	<b>A02</b>	Understand and analyse how writers use linguistic and structural devices to achieve their effects	20
	<b>A03</b>	Explore links and connections between writers' ideas and perspectives, as well as how these are conveyed	15
<b>WRITING</b>	<b>A04</b>	Communicate effectively and imaginatively, adapting form, tone and register of writing for specific purposes and audiences	32
	<b>A05</b>	Write clearly, using a range of vocabulary and sentence structures, with appropriate paragraphing and accurate spelling, grammar and punctuation	18
<b>SPOKEN LANGUAGE</b>	<b>A06*</b>	Speaking and listening skills: <ul style="list-style-type: none"> <li>• demonstrate presentation skills in a formal setting</li> <li>• listen and respond appropriately to spoken language, including to questions and feedback to presentations</li> <li>• use spoken Standard English effectively in speeches and presentations</li> </ul>	Not applicable

\*Assessment objective 6 is for the optional Spoken Language Endorsement. If a student completes the endorsement, it will appear on their certificate as a separately reported grade. Please see page 10, for more details.

# **1 English Language (Specification B) Content**

## **Component 1: Reading and Writing (examined)**

The focus of this component is:

Section A: Reading – study and analyse selections from a range of texts

Section B: Reading and Writing – explore and develop transactional writing skills

Section C: Writing – explore and develop discursive, narrative, and descriptive writing skills.

### **Content**

Students should read a variety of high-quality, challenging texts, in preparation for responding to unseen extracts in the examination. They should be able to read substantial pieces of writing, including whole and extended texts that make significant demands in terms of content, structure and the quality of the language. Throughout the qualification, students should develop the skills of interpretation and analysis.

Text types studied should include a range of forms, such as fiction, journalism (for example articles and reviews), speeches, journals and reference book extracts.

Text types should also include literary non-fiction texts, such as selections from autobiography, letters, obituaries and travel writing. These lists are not exhaustive.

Texts that are essentially transient, such as instant news feeds and advertisements, will not form part of the assessment.

Students should use what they have learned about different text types to feed into their transactional writing and to inspire and influence their own imaginative writing. They should be introduced to, and be given the opportunity to practise, a range of fiction and non-fiction writing techniques, planning and proofreading skills.

## **Spoken Language endorsement (optional)**

### **The optional Spoken Language endorsement for Pearson Edexcel International GCSE in English Language (Specification B)**

These are the requirements of the optional spoken language endorsement, including the recording, storing and submission of spoken language assessments.

The preparation and assessment of spoken language is an optional component of the course of study. If a student completes the endorsement, it will appear on their certificate as a separately reported grade, alongside the overall grade issued.

#### **Overview**

Students must demonstrate their presentation skills in a formal setting, listen and respond to questions and feedback, and use spoken English effectively.

#### **Presentation:**

The spoken language presentation may take a variety of forms, including:

- a) a speech or talk by a student, followed by questions from the audience.
- b) a formal debate or dialogue, such as an interview where the student is able to prepare extended responses to questions or prompts, which have been shared in advance, followed by questions from the audience.

In all cases, the presentation should be prepared and last no longer than **10 minutes**.

#### **Audience**

Students must give their presentations to an audience, which must always include the teacher.

The size and composition of the audience should be determined by the teacher, in discussion with the student. However, where the audience is the teacher only, the presentation and dialogue should be designed in such a way that it could have a potentially wider audience than just one person (for example it replicates a television interview).

#### **Assessment criteria**

Students should be assessed either live or from recordings.

There are no marks for the Spoken Language endorsement. Should students choose to attempt the assessment, they should be awarded a grade (Not Classified, Pass, Merit or Distinction) using the assessment criteria below. Students' grades will appear on their certificates.

**In order to achieve a particular grade, a student must meet all of the criteria for that grade.**

### General criteria

To be awarded a Pass, Merit or Distinction a student must:

- be audible
- use spoken Standard English.

For the purposes of the spoken language assessment a student must:

- be intelligible, and
- generally use language appropriate to the formal setting of the presentation.

Pass	Merit	Distinction
<p>In addition to the general criteria, to be awarded a Pass a student's performance in his or her spoken language assessment must meet all of the following criteria:</p> <ul style="list-style-type: none"><li>• expresses straightforward ideas/information/feelings</li><li>• makes an attempt to organise and structure his or her presentation</li><li>• makes an attempt to meet the needs of the audience</li><li>• listens to questions/feedback and provides an appropriate response in a straightforward manner.</li></ul>	<p>In addition to the general criteria, to be awarded a Merit a student's performance in his or her spoken language assessment must meet all of the following criteria:</p> <ul style="list-style-type: none"><li>• expresses challenging ideas/information/feelings using a range of vocabulary</li><li>• organises and structures his or her presentation clearly and appropriately to meet the needs of the audience</li><li>• achieves the purpose of his or her presentation</li><li>• listens to questions/feedback, responding formally and in some detail.</li></ul>	<p>In addition to the general criteria, to be awarded a Distinction a student's performance in his or her spoken language assessment must meet all of the following criteria:</p> <ul style="list-style-type: none"><li>• expresses sophisticated ideas/information/feelings using a sophisticated repertoire of vocabulary</li><li>• organises and structures his or her presentation using an effective range of strategies to engage the audience</li><li>• achieves the purpose of his or her presentation, and listens to questions/feedback</li><li>• responds perceptively and if appropriate elaborates with further ideas and information.</li></ul>

### External monitoring

For each May/June and/or January series, all centres are required to provide audio-visual recordings of the presentations of a sample of students. There is no requirement to record the presentations of all students.

### Assessment record sheet

A record sheet to assist with assessment is provided in *Appendix 2: Spoken Language Endorsement record sheet*. One should be completed for each student, but these should not be submitted to monitors unless requested.
