3. **Setting of Question Papers**

The list of paper setter along with the course handouts and the patterns of question papers is submitted to the Registrar (Evaluation) by the Directors of the respective Schools. At least two sets of question papers are prepared by the paper setter(s). The questions are framed in a way that the Student Learning Outcomes of the course are adequately assessed. The weightage given to each module of instruction is properly reflected in questions. The question papers have different formats depending upon the nature of the course subject. The quality check of the question paper is done by the subject experts for which list is provided by the respective Director. The Registrar (Evaluation) selects the question papers for the exam. The Assistant Registrar (Evaluation) along with officials nominated by the Registrar (Evaluation) then prints the question papers at a secured venue of examinations department. The questions papers are sealed in the envelope and are kept secure in the strong room's almirah with a double lock at the examination center in the presence of an observer. One key remains in possession of Registrar (Evaluation) and the other with Assistant Registrar (Evaluation).
